Dehydrated Products

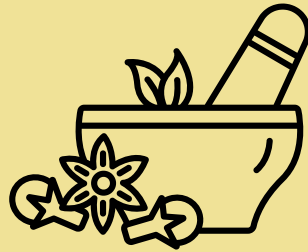

Dehydrated products are moisture-removed foods like vegetables, spices, and herbs, processed to extend shelf life and preserve nutrients. Lightweight and easy to store, they're ideal for export, food processing, and ready-to-eat meals. These products retain flavor, aroma, and nutritional value, ensuring convenience and consistent quality in global markets.

**Dehydrated
Alliums**

Garlic and onion-based dry products used for flavoring, cooking, and food processing applications.

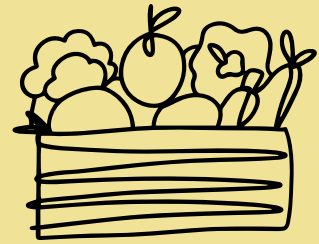

Page 3-4

**Dehydrated Spices &
Chilies**

Dry powdered or flaked spices for seasoning, snacks, and spice blends with strong aroma and taste.

Page 5-7

**Dehydrated
Vegetables & Fruits**

Dried veggies and fruits in powder or flakes, ideal for soups, mixes, snacks, and health foods.

Page 8-9

Dehydrated Alliums (Garlic & Onion Family)

Premium-quality dehydrated garlic and onion products with strong flavor, long shelf life, ideal for bulk food processing and seasoning blends.

BEST SELLER

Dehydrated Garlic Powder

Fine, concentrated powder made from dried garlic cloves; ideal for seasoning, spice blends, and food processing with strong aroma and long shelf life.

Dehydrated Garlic Flakes

Crisp, golden flakes of dehydrated garlic; perfect for ready meals, sauces, soups, and spice mixes with rich garlic flavor and excellent rehydration.

BEST SELLER

Dried Garlic (Cloves/Slices)

Naturally air-dried garlic cloves or slices; retains strong flavor and aroma, ideal for pickling, spice packs, and industrial food manufacturing.

Onion Powder / Dried Onion

Fine onion powder made from quality dehydrated onions; used in seasoning, curries, dry soups, and snack flavoring for convenience and shelf stability.

Dehydrated Onion Flakes (White/Red/Pink)

Light, crispy onion flakes in white, red, or pink varieties; widely used in instant foods, soups, and gravies for color, texture, and bold flavor.

BEST SELLER

Dehydrated White Onion Granules

Uniform, small granules of white onion with intense aroma and taste; perfect for sauces, soups, seasoning blends, and processed foods.

BEST SELLER

Dehydrated White Onion Chopped / Minced

Chopped or minced dehydrated white onion; retains freshness and flavor, suitable for ready-to-eat meals, spice blends, and commercial food production.

BEST SELLER

Dehydrated Pink Onion Powder

Fine pink onion powder offering a sweet, mild taste and attractive color; ideal for spice mixes, soups, gravies, and snack flavoring.

Dehydrated Spices & Chilies

Dehydrated Spices & Chilies are dried herbs and peppers that retain their natural flavor, aroma, and color. They offer longer shelf life, easy storage, and are widely used in spice blends, ready meals, snacks, and sauces. Ideal for food processing and export, they ensure consistent quality and convenience.

Dried Spice Essentials

Dehydrated spices in powder or flake form offer intense flavor and aroma, ideal for seasoning snacks, meals, and spice blends. They ensure consistent taste, long shelf life, and easy storage. Common varieties include chilli flakes, turmeric powder, ginger powder, and mint leaves, widely used in food processing and culinary industries.

BEST SELLER

Dehydrated Ginger Flakes

Crisp slices of sun-dried ginger; retain natural oil and flavor, ideal for herbal teas, soups, spice mixes, and food preparations.

**DEHYDRATED
GREEN CHILLI FLAKES**

Dehydrated Green Chilli Flakes

Vibrant green flakes offering medium to high heat; great for seasoning snacks, pickles, instant foods, and spice blends.

Dehydrated Red Chilli Flakes

Spicy red flakes with bold heat and color; perfect for pizzas, sauces, chutneys, and processed food applications.

Dehydrated Mint Leaves / Powder

Cooling mint in dried leaf or powder form; widely used in teas, chutneys, seasoning mixes, and Ayurvedic formulations.

BEST SELLER

Dehydrated Turmeric Powder

Bright yellow powder with high curcumin; used in spice blends, curries, and health drinks for its earthy flavor and medicinal benefits.

Dehydrated Coriander Leaves / Powder

Aromatic coriander leaves or powder; enhances curries, soups, and snacks with a fresh, herbal taste and visual appeal.

Dehydrated Curry Leaves / Powder

Sun-dried curry leaves or fine powder; adds a distinctive South Indian flavor to dals, curries, and ready-to-eat meals.

Dehydrated Fenugreek Leaves (Kasuri Methi)

Strongly aromatic fenugreek leaves; enrich gravies and spice blends with a mildly bitter, earthy flavor.

Dehydrated Celery Leaves / Powder

Herbal, slightly bitter flavor enhancer used in soups, salads, sauces, and health products for its nutritional profile.

Dehydrated Basil Leaves / Powder

Sweet and peppery basil with strong aroma; used in Italian dishes, seasoning mixes, sauces, and herbal teas.

Dehydrated Lemongrass Powder

Citrusy and fragrant powder ideal for teas, Thai cuisine, soups, and natural health products.

BEST SELLER

Dehydrated Tamarind Powder

Tangy tamarind flavor in dry form; adds natural sourness to spice blends, chutneys, sauces, and ready mixes.

Dehydrated Bay Leaves / Powder

Subtle earthy aroma in whole or powdered form; commonly used in curries, rice, and stew seasoning.

Dehydrated Fennel Powder

Sweet and mildly spicy, fennel powder adds flavor to desserts, teas, spice blends, and digestive mixes in both Indian and Middle Eastern cuisine.

BEST SELLER

Dehydrated Maca Powder

Maca powder is a nutrient-rich superfood made from Peruvian root, known to boost energy, balance hormones, and support stamina. Ideal for smoothies, supplements, and health-focused food products.

Dehydrated Vegetables & Fruits

Dehydrated vegetables and fruits are moisture-free powders and flakes made from fresh produce. They retain natural flavor, color, and nutrients, offering long shelf life and easy storage. Ideal for soups, snacks, health foods, and ready meals, they ensure convenience, cost-efficiency, and consistent quality in global food processing.

Why Use Dehydrated Vegetables & Fruits?

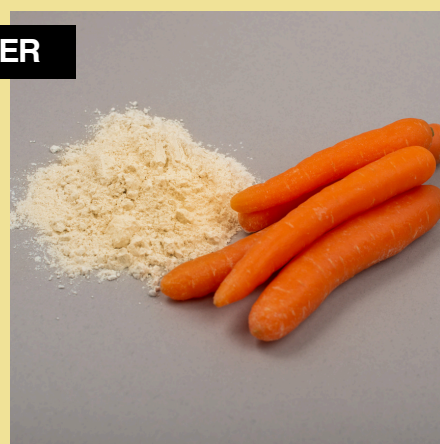

Dehydrated vegetables and fruits are ideal for long-term use due to their extended shelf life, convenience, and nutrient retention. Their intense flavor, lightweight nature, and compact size make them easy to store and ship. These versatile ingredients are perfect for instant foods, snacks, spice blends, and health products. With year-round availability, they offer a reliable solution for consistent quality in both domestic and international food processing industries.

Dehydrated Tomato Powder

Rich, tangy powder made from ripe tomatoes. Used in soups, sauces, spice blends, and instant mixes. Offers long shelf life and vibrant flavor.

BEST SELLER

Dehydrated Carrot Powder

Bright orange powder full of beta-carotene. Used in baby foods, soups, health drinks, and snacks. Adds color, nutrition, and sweetness.

Dehydrated Lemon Powder

Citrusy powder made from dried lemon. Adds tangy flavor to seasonings, bakery items, and beverages. Rich in vitamin C with long shelf stability.

BEST SELLER

Fenugreek Powder

Fenugreek Powder is a finely ground form of dried fenugreek seeds, known for its slightly bitter, nutty flavor and strong aroma. Rich in fiber, iron, and antioxidants, it's widely used in spice blends, curry powders, pickles, and Ayurvedic formulations. Fenugreek powder supports digestion, blood sugar control, and overall wellness, making it a valuable ingredient in both culinary and health-focused products. Ideal for long shelf life and export.

Dehydrated Cabbage Flakes

Dried, crisp cabbage flakes used in soups, instant noodles, and ready meals. Lightweight, easy to store, and retains fiber and flavor.

Dehydrated Spinach Powder

Nutrient-dense green powder rich in iron and fiber. Ideal for soups, pasta, smoothies, and health mixes. Boosts color and nutrition naturally.

Dehydrated Mango Powder (Amchur)

Tangy, fruity powder made from dried green mangoes. Commonly used in Indian cuisine, spice blends, and marinades. Enhances flavor and adds a citrusy zing to dishes.

BEST SELLER

Dehydrated Beetroot Powder

Deep red powder high in antioxidants and iron. Adds color and nutrients to health drinks, baking, and snacks. Natural coloring agent.

BEST SELLER

Guar Gum (Treated & Pulverised)

Fine, off-white powder derived from guar beans. A natural thickener and stabilizer used in food, pharmaceuticals, and cosmetics. Enhances texture and shelf life in processed products.

BEST SELLER

BEST SELLER

BEST SELLER

Coffee Aroma

Extracted from roasted coffee beans, it enriches instant coffee, confectionery, and beverages with a deep, authentic coffee fragrance and taste.

Natural essence derived from high-quality tea leaves. Used to enhance flavor and fragrance in tea blends, ready-to-drink teas, and health beverages.

Black Pepper

Carefully cleaned and sorted black pepper with uniform appearance. Known for sharp flavor, used in cooking, spice blends, and medicinal applications.
