संस्कृतम् 2.0 – Bridging Tradition with Technology

Sanskrit Educators' Training Workshop (Online), 3rd batch

About the Workshop

Why This Course?

In most schools, colleges and gurukulams, Sanskrit teaching remains traditional – often limited to textbooks and rote learning.

However, the **New Education Policy (NEP 2020)** encourages innovative, interdisciplinary and technology-integrated teaching.

This course has been thoughtfully curated to:

Equip Sanskrit educators with digital literacy and ICT tools.

Enable them to create visually engaging and interactive teaching materials.

Strengthen their understanding of modern Sanskrit pedagogy.

Build confidence to use AI, Canva, MS Office and online learning platforms effectively.

Highlight the relevance and opportunities for Sanskrit in the modern era.
