

THE BRIMS TO BRAZIL

Dear Partners in Ministry,

April 1, 2025

Greetings in the name of our Omnipotent Saviour and Lord! We have seen the mighty hand of our God working these last few months and we would like to share some of these ways with you.

In February, we held Bible Clubs in four different parts of Areembepe, taking the Gospel into the neighborhoods. We praise the Lord for 9 children who were saved.

We also exalt the Lord for saving men and women in many different settings! Roberval was saved at a visit in his home. Vinicius found us on the internet and came forward during an invitation at our Sunday night service. Nelice is our neighbor and was saved after services on a Wednesday night. Jocelia accepted Christ on a visit in her home by two ladies of the church. Missival, a senior citizen, accepted Christ during a visit by two ladies of the church on Sunday afternoon. Teresa was evangelized over a two year span by a church member and accepted Christ last month. We give the Lord all the glory for what He is doing in our midst. We covet your prayers for each of these new converts and their spiritual growth, but especially Vinicius as he is fighting to be free from alcohol addiction.

We thank the Lord for the eleven students studying this semester in the Bible Institute. We thank the Lord for this valuable training ministry! We ask your prayers for each of the teachers and students.

I have mention in prayer requests about the open door that was presented to us at the public high school in our town. Since our last update things have dramatically changed. One of the teachers, who is involved in Satan worship, has stirred up opposition against me being in the school. During a meeting with the school principal, many of the teachers sided with him and expressed their opposition. After this meeting, I met with the school principal. I heard all of the concerns and then asked for a meeting to present the project to the teachers, since they are opposed to it, but do not even know what it involves. The school principal agreed to set up the meeting, but still has not set up the meeting. We know we do not wrestle against flesh and blood and understand that this is a spiritual battle. I am asking your prayers that the Lord's will would be done. We desire the opportunity to present the material to the teachers and for our Lord to be glorified through that presentation and that He would touch hearts and give us a wide-open door to work in the public high school and be a light to the school principal, teachers and each of the students.

Our Lord is moving here in Northeast Brazil! We are so thankful for your partnering with us through your faithful prayers and financial support! May God bless you is our prayer! We remain....

Yours in the white fields,

Frank, Darla, Cam, Cait, Sofia and Stefan Brim
