The Dominican Republic*

Dear Friends and Family

April 2025

Just as many of your churches celebrated the joy of Easter, our church here in the Dominican Republic—Iglesia Bautista Evangélica Ramón Santana—commemorated **Resurrection Sunday** with a powerful and moving presentation. Our youth and college-aged students performed a musical that portrayed the

crucifixion and resurrection of our Savior. They did an outstanding job! The costumes were beautiful, and even some of our most soft-spoken students stepped out of their comfort zones to bring the story to life in an unforgettable way. The church was packed, as we had the joy of hosting a special visit from the **Iglesia Bautista in Filipina**, a small congregation from San Pedro. They've been without a pastor for several years, and Pastor Mota has stepped in to minister to them every Sunday evening. It was a great time of worship, fellowship, and shared hope in the resurrection.

At **Las Palmas Christian School**, the end of the school year is quickly approaching—only **30 school days to go!** While we're celebrating all that God has done this year, we're also looking ahead to the **2025–2026 school year**, which begins on **September 1st**. We're actively praying and searching for new staff members to join our mission. We currently need:

- A **6th Grade Teacher**
- A **Middle School Bible Teacher**
- An **Elementary PE Teacher**
- Possibly a **High School Science Teacher**

If you—or someone you know—would be interested in serving with us in the Dominican Republic, please reach out to **Lynn** at l.cunningham@laspalmas.edu.do for more information.

On a personal note, many of you have been praying for **Lynn**, and we are so grateful. She recently had **MOHs surgery** in Georgia to remove a small skin cancer spot from her head. The doctor saw **clear margins on the first attempt**, and her healing has gone very well. Moving forward, she'll need to return to the States twice a year for full body scans to monitor her skin, especially with daily sun exposure in the tropics. Thank you for continuing to lift up our health in your prayers.

Because He Came, We Must GO
