

24 Honoring God

April 2025

Prayer partners,

Since January of 2024, we have learned that in ministry, plans will change. I guess that is what God started with, the change of being called into Missions, big change. When God made it clear that I was to surrender to Missions, we did not have clarity on the location God was sending us to for the first several months. 1st Corinthians 10:31 seemed appropriate for our mission verse which says, "Whether therefore ye eat, or drink, or **whatsoever** you do, do all to the glory of God." There were several months of working forward while some of the "whatsoever" was still open. Then, we were approved as missionaries in the Short Term Evangelism Program through the World Baptist Fellowship Mission Agency in February of 2025. We are excited as we go out and partner with those who God has prepared to support this ministry.

We had a successful trip to Mexico in March. We stayed with Marty and Michelle Herman, 5talentsforChrist, who have been in Mexico for over four years. The Bible Ministry with the WBF supplied some much needed Spanish bibles that we transported since shipping to the little villages there is difficult. We took part in several services with a few different churches in the surrounding villages and met some of the sweetest people. Crystal and Michelle attended the ladies meeting in El Poleo the first Wednesday while we were there. Crystal was then asked to teach the lesson the following Wednesday in Spanish. Praise God for 'whatsoever' opportunities He gives us to share. We are still working on our Spanish so this was a stretch, and Crystal did a great job. She was informed after the meeting, that a young lady in attendance was particularly impacted by the lesson God laid on her heart to bring.

I was blessed to be asked to preach at Iglesia Bautista Los Lirios on Sunday. I had the benefit of a translator as Pastor Pablo's wife, Monica, does an excellent job. Crystal and Kyndall sang the special, in Spanish, as Chloe played her guitar. Again, God was able to bless people through this time and all the glory belongs to Him.

I was most blessed to witness God work through changed plans, and an opportunity He provided in which some guys on the job site ended up hearing God's Word and receiving a Spanish Bible because God works through the 'whatsoever' we do to the glory of God.

The Mexican culture has produced some very religious people who are believing in works and idolotry instead of the true gospel of Christ. We have seen a real need for the love of Christ and His finished work to be shared with the sweet people of Mexico.

Dios te bendiga (God bless you),

Tim and Crystal White
