Winter Newsletter 2026

It has been busy so far this year. I am still teaching at the Huachichil church every Thursday night. It is a blessing for us to see them wanting to learn, and are learning. I also preach at other churches, most Sundays. This gives us a chance to visit with other pastors and see how we can help them in their ministry and personally. I have been asked to preach the sunrise Easter service here in Huachichil as well as teach on the Lord's supper so we can have communion Easter morning.

This year we were able to help the church in Puerto Mexico by welding on the new doors of the Church to help secure them. As well as donate a grill and computer to them for their new church building. I want to thank my younger sister for the computers and Michelle's Dad for getting them ready.

Being the hands and feet of Jesus is just one of the many blessings we receive here in Mexico.

I was able to install new plumbing for the showers in (A) dorm at the Rancho la Paloma church camp before their Easter groups arrive, as well as, buy and install a new pump for the water well at the camp thanks to generous donations.

Michelle started a new Bible study with the ladies in Huachichil and they now plan to meet weekly instead of twice a month.

We are also preparing for mission groups this year. One will arrive in a week to help us with some outreach in very small villages. We ask that you pray for the villages of Del Prado, La Casita, & Las Esperanzas. We also ask that you pray for the Brown family and our local pastors - Pablo and Monica, and Aaron & Marlene that will also be helping us with the kids events during the Easter break.
