

# The Cunninghams Serving In The Dominican Republic

Dear Friends and Family

April/May 2026

As another school year at Las Palmas Christian School begins to wind down, we are once again reminded of God’s goodness and faithfulness. Summer is quickly approaching here in the Dominican Republic, and while the pace of school activities is slowing down, ministry opportunities continue to grow all around us.

One of the greatest blessings recently has been watching our Dominican worship team at the church in Ramon Santana step up and lead worship so faithfully. Seeing nationals use their gifts and talents to serve the Lord with passion and humility is an answer to prayer and a reminder of why missions matters. Our desire has always been to equip and encourage others to serve Christ, and it is exciting to watch that happening more and more.

We have also had several mission teams visiting and serving alongside the DR Vision team. Their encouragement, servant spirit, and willingness to invest in people here has been such a blessing to our churches, school, and communities. Every team that comes leaves fingerprints of love, hope, and the Gospel behind.

Recently, a medical missions team ministered in the San Pedro area and saw over 1,000 people during their outreach efforts. Not only were people provided with much-needed medical care, but every person also had the opportunity to hear the Gospel message. What an incredible reminder that meeting physical needs opens doors to minister to spiritual needs as well.

Sometimes ministry feels like simply throwing out as many nets as possible and trusting God for the catch. Through church ministry, education, discipleship, medical clinics, mission teams, evangelism, and daily relationships, we continue casting nets wide across the Dominican Republic. We may not always see immediate results, but we know God’s Word never returns void.

Please pray with us as we continue to seek the Lord in our next steps. Our heart is that we want God to continue to use us to further the Kingdom as well as do what we can to encourage others to surrender to missions.
