

Cornerstone Bpt Temple Dr Jerry Siler / Sent through WBF Mission Agency Mission Director Pastor Joey Bacon

Dear Pastor, Praying Friends, and Family,

Arrived back in Jkt, Indonesia, after a 5 month stay in Dayton, Ohio for several family events. While there we met and hugged our two great grandies. ??Emilia Rose (Emi) born March 28, 2021 to Cory and Ted, and ??Elijah born March 22, 2023 to Sunnah and Ben! Beautiful and precious, Love them both! We were there when grandson Ben graduated from the same Medical school his Mom and Dad graduated from! Granddaughter Cory is now a Dr of Psychology! Granddaughter Katie graduated from High School! And we spent some time with grandson Alex! Also enjoyed being with our children David and Sue, and Steve and Jody. We were able to see some other family members and many friends! Being in our home church was a Special Blessing! and so thankful for all those that helped us get around to church, stores, shops, restaurants etc. Needed to return to Indonesia, as the rest of the paperwork was due and you must be in the country to do it. However, David's passport was lost on a flight, so it had to be reprocessed. It looked like our paperwork (that had to be ready before our arrival) would take much time, so we began to think about going to close by churches, and then travel to Texas by plane to be in supporting churches there. Suddenly our very capable sponsor called us and told us to come ASAP. Oh my! No tickets! No passport! Steve and Jody bought our plane tickets. PTL! Due to all of the efforts and work by our Preacher Dr Jerry Siler, and his secretary Amy Hubbs, David's passport arrived! Preacher and Amy took us to Columbus to board the flight to New Jersey. The next flight was 19 hours. David's feet became quite swollen on that long flight. In spite of quite a few obstacles, we made it! Thanks for your prayers! We stayed three weeks in a hotel in Jkt, while paperwork was being completed. During our time there, David fell in the bathroom and it took seven people to get him up. But thank the Lord, they did get him up! No small task with his legs so swollen. At last we were able to board a plane for Jogja, paperwork complete, thanks to prayer and our sponsor. Arrived in Jogja on the 27th of September! Due to many prayers, and much help, we are back in our mission work here. We work with 4 churches and the Bible Institute. Much prayer and help is needed on every hand. Will you pray? Will you give? A one time gift would be a blessing! Since our return, we have been to each of the churches we work with, many times. Last Sunday, we returned from an out of town trip to Purworejo, where we helped minister for three days.

As we close this update, we thank our home church Cornerstone Bpt, our home Pastor Dr. Jerry Siler, his secretary Amy Hubbs, our many friends there, our mission office in Texas, our supporting churches, the few nearby churches we were able to be in (and the big help they were) and the supporting churches we could not get to. We wish all of you a blessed Thanksgiving. We thank you for your prayers, your support, and your caring hearts! Listening for the trump, David and Carole Ross Mz 69:30 "I will praise the name of God with a song, and will magnify Him with thanksgiving"
