## **DECEMBER 2025 REPORT**

Our participation in Landmark Baptist Theological Seminary since 1991 increased its Spanish outreach. The English program is also growing. "Singapore's director travelled for years to Nepal to teach a very large group of students. Now via Zoom he reaches the Philippines, Thailand, Mongolia, India, China and Kenya. A graduate pastors a church in Congo. Pray about opposition that cannot be discussed.

"Our extension of many years in Peru is using Zoom as well as on site classes. They had seven graduates from Japan in November. Their other internet classes are from Central and South America." Pray uses the course on Missions that I am recording in Spanish, and then in English, for some to answer God's call to foreign service.

Years ago, accompanied by Pastor David García, we visited some fifteen churches in southern Mexico to promote the seminary's extension ministry.

Edgar Chi Dzib in Hochtún, México was one of the pastors who began classes. To congratulate and encourage the six students in his church's second graduation, he requested I record a greeting to be part of their graduation ceremony.

Logos Baptist Seminary extensive curriculum in education will begin classes in the January trimester. Though accredited, the diplomas will not be accepted to teach in public schools. This will answer the great need for Spanish speaking churches to begin schools that teach Christian principles based on God's Holy Word.

Because of the very high cost, the seminary will not seek to develop its own internet platform. A long term agreement with the educational institution we presently use will be sufficient for our needs. The expense is covered for the next eighteen months.

Our present goal is to have twenty courses edited and recorded, plus the education courses. The \$100.00 cost for editing each course in Peru is a labor of love. My course on Missions, like those I recorded 25 years ago, will be used after my departure to Glory.

Pastor Bobby Helms needs prayer. He continues in his customary positive attitude in spite of suffering for over seven months with chronic pancreatitis and liver cancer.

Though some would obliterate its significance, Christmas speaks to the world that God became man. That testimony, and Charlie Kird's martyrdom, will be the last call for many to accept Christ. Jesus second coming is very close! God grant us an even greater harvest of souls in 2026.
