# NEWSLETTER

Hello Pastor & Church family - Greetings from John & Isa Horton!

**February 2025**

Let me start off by saying - **THANK YOU** - with all our heart for your prayers and faithful financial support during this past year. It is important to us that you know that we pray for you as well. We are thankful to God for the position He has put us in here at the WBF mission office. It allows us to be involved in serving pastors and missionaries in the work God has called them to do. We believe missions is the heartbeat of God and Isa and I **I LOVE MISSIONS**.

**OFFICE MINISTRY:** Since our last letter we have seen God do great things. The Bible Ministry was able to send Spanish Bibles to **Missionary Marty & Jessie Starling** in Stark, FL for their **cross-cultural ministry**, and English Bibles to **Missionary Leon & Dona Thomas** for their **prison ministry**. It thrills our souls to know that every Bible sent is the potential for a lost soul to receive Christ as Savior. We are grateful to every church and individual that contributes to the WBF Bible Ministry. You have a part in that!

In August of 2024, Brother Josias Almeida, Pastor of the **Independent Baptist Church in Benevides, Brazil** invited my wife and I to speak at his yearly **Family Conference**. The family is the first institution God created, and every investment made to protect the family is worth the sacrifice. What a blessing to be able to return to Brazil and be with the people God has given us such a great love for.

In January of 2025, we had the privilege of filling in for Missionary Kyron Horton and the Independent Baptist Church of Ananindeua, Brazil while he and the church went on their **VERY FIRST** mission trip to visit one of their missionaries - Jomar Souza in Rancagua, Chile. Two Chileans received Christ as Savior and two people from the group that went on the mission trip surrendered to full time ministry. While this is part of my job description here at the WBF Mission Agency, it was an added blessing since my wife helped start this church.

**FAMILY MINISTRY:** Since our last newsletter, we have been informed that the Air Force is sending our oldest son, Fabio (*Chief Master Sergeant*) and Chan (*Captain*) back to D.C. We will miss having them closer, but we know that God has all things under control, and we are thankful for His moving in all our lives.

Our car is on its last leg, and we will need to purchase another one. We are thankful for the family that gave us the one we have – it has served us well. **Please pray as we begin the process of looking for a replacement.** Financially speaking, we do not have the means but our Father in heaven does! We know that God will give us exactly what we need.

Once again, thank you so very much for your prayers and financial support. Your investment in our lives and ministry are not in vain. May God richly bless you and your ministry!

Yours for the Cause of Christ,
