

Your Missionary

in Micronesia

Looking back on the year 2023 has proven to be another great year that the Lord showcased His faithfulness in our lives. While being on furlough and constantly travelling to raise our support, the Lord definitely took good care of us. We are so grateful for the wonderful blessings He has given us this past year. We are confident that 2024 will be just the same.

The McClures

The last part of 2023 was quite challenging. Although, we were blessed to have the opportunity to spend the holidays with family, we faced some difficult times with the sudden passing of my grandfather living in Ohio. As well as my wife's father, who was living in the Philippines. He had been having some health issues for the past year, but nothing too serious. In the middle of December, he was diagnosed with late stages of cancer. It was a very emotionally draining time. We were able to say our goodbyes and on January 4th, he passed away. The hope that we can hold on to is he knew the Lord as his own personal Savior. We look forward to the time that we will see him again someday. Please pray for opportunities to witness to the rest of Vanj's family as most of them are devout catholic. Our hope is to witness to them more as we return to the field.

We have set a goal, Lord willing, to go back to the island this coming May. We are definitely very eager and excited to get back on the field! Currently, we are looking at plane tickets, shipping our van and several boxes of personal things. Please pray we make the right contacts for this. Since Palau is off the beaten trail, it has been difficult to find who can help us with these arrangements. Also pray for good freight and shipping costs.

Prayer Requests: We are currently at 70% of our support level. Pray that more churches will partner with us in the ministry and that we will be able to raise the remaining 30% before we get back to the field. We have submitted all the needed paper work for passports, pray for smooth and speedy processing. Also, Wisdom and direction as we ship things back to Palau. Health and safety on the road as we travel to finish our furlough appointments.

Thank you so much! Your prayers and financial giving are vital for us to continue in our ministry. God Bless
