

THE HORTONS

missionaries to

BRAZIL

July 2025

Hello Pastor and Church family,

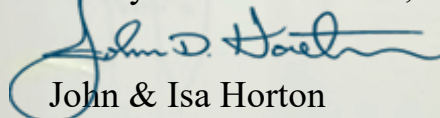

We are making the final preparations before we head out on the road again. The next four months will take us to **Louisiana, Georgia, Florida, North Carolina, Virginia, New Mexico, Arizona, Nevada, Idaho and Colorado.** Please pray that we will be a blessing to the churches we go to and that we will be able to raise the support we will need before we return to Brazil.

The circumstances surrounding our return will be quite a bit different than the last time we returned. Our kids were shocked to hear that we were going to leave, but they are happy we are following God's will. We will be leaving behind all our family including our three precious granddaughters. My parents, Bill & Mary Horton, who we worked with in Brazil, have retired and are now living in the US; however, such is the life of many missionaries.

Lord willing, once we return to Brazil, we will begin working in the same area we were before, the "northern" region of Brazil. The work will include church planting, Bible Institute training and camp work. We are looking forward to seeing our Brazilian brothers and sisters in Christ again and we are excited to what God has in store for us. **More updates soon!**

Folks, when Isabel and I stop to reflect on the churches that partner with us here in the United States; that are praying and giving sacrificially to our ministry, there are no words that sufficiently express our gratitude. We are reminded of the apostle Paul when he penned through the inspiration of the Holy Spirit **"I thank my God upon every remembrance of you..."** We are eternally grateful for you!

Always for Jesus Christ,

John & Isa Horton

Missionaries to "northern" Brazil
