JULY-AUGUST 2024 MISSIONARY NEWSLETTER

Dear Mission Partner in Christ,

Let me begin this newsletter by giving praise and thanksgiving to our God for approving your prayers on our behalf for continued progress in our home-based Tampa mission. I also thank God for the amazing success of our recent missionary journey in the Dominican with our church plant there.

Following the preaching of a successful weeklong conference titled “Walking in a Way that is Worthy of the Lord” in Tampa, Marie and I flew from Florida to our Haitian church in Santo Domingo, Dominican Republic. This church is under the local leadership of Pastor Daniel, one of my spiritual sons, and a graduate of our Bible Institute in Haiti. We always pray and have great expectation from our Lord before we start our mission endeavors; however, in that Dominican mission trip, our God surprised us in a very big way. God blew our minds with the things He did through us.

With humility, I feel that this mission journey was the epitome of Ephesians 3: 20. I will paraphrase it this way: “Our God has done through us in the Dominican exceedingly abundantly above all that we asked or thought. He did it all; to Him be all glory”

HERE IS WHAT OUR GOD DID DURING OUR DOMINICAN MISSIONARY JOURNEY:

- ❖ We baptized four new believers.
- ❖ Four unwed couples who were living together repented and married.
- ❖ We completed a four-day seminar on discipleship and leadership for 14 church workers.
- ❖ We ordained four church members as deacons
- ❖ We completed seven baby dedications
- ❖ We preached for seven days. During this time, many came to know Christ, and several believers restored their relationship with God.

A vibrant and fast growing Children Ministry

We had such a great time with the brethren, the children and the church local leaders in Santo Domingo! It was hard to leave them. We had to reassure them that we would have more frequent mission journeys, and a physical presence in Santo Domingo. This is especially true since the doors in Haiti are still closed to our physical presence. We are very anxious to return and will tell you more in our next newsletter.

In the meanwhile, please continue to pray for our works in Santo Domingo, Tampa, the nation of Haiti, and our orphanage in Haiti. Thank you to everyone who support us through your prayers and monthly donations.

In Christ alone!
