

The Joshua McClure Family

Serving in the Northern Mariana Islands

Prayer Letter
July-Aug. 2025

Dear Praying Friends,

The months of July & August have flown by. We have acclimated well and have only had minor sickness so far. Every now and then something else pops up that reminds us of culture shock; but still God is helping us through every step. Our first long drive, about 4 hours, was down toward Houston, Texas to attend a family camp and the kids did very well. They loved seeing all kinds of cars, trucks and even houses on trucks driving down the highway. They loved being able to go on bridges, over roads, and through tunnels; but best of all they said, "We are going on a bridge and under a bridge at the same time!" In the DFW metroplex there is a lot of construction and interchanges, so the kids are just fascinated with all the things they get to see.

The family camp was very encouraging and challenging — something both my wife and I needed. It was also very good for Nikaela to experience as

the Lord used it to grow her in her faith, as well. On July 20, we had our first presentation at our home church, New Testament Baptist Church, thus beginning our furlough trails and they sent us off with many encouragements and prayer. This was also Nikaela's last day before flying back to Saipan on the 21st. She has made it safely back to the islands, so thank you to all who have been praying for her.

Witnessing @ Family Playgrounds

preaching and singing; then we both had the opportunity to help lead 2 people to Christ. Please continue to pray for our health and travels as the Lord puts us where He sees fit.

We returned our rental van and purchased a 2014 Honda, Odyssey with about 238,000 miles on it and in impeccable condition. We have now left Texas and begun

traveling north & east. We are excited and nervous to see what all God has planned for us as we continue to walk by faith. We are at 67% of our needed support before returning to the field. Exercising FAITH, God will provide what we need when He sees fit to do so.
