June 2024

Dear Prayer Partner,

Thank you for having a part in the work God has given me. As you know every Tuesday night about three hours are spent on Zoom with some seventeen Brazilian brothers. It is a blessing to see how God uses each of them in so many different ways. Some live in small towns, others in large cities, others on the coast, and still others in jungle areas.

I want to share with you the two newest couples to join our Tuesday night meeting. Bro. João and his wife Elvira have a new work in Campinas, São Paulo. Bro. Mateus and his wife Julia have started a new work in Januária, Minas Gerais. Please pray for these two new works in Brazil. We must never forget nothing is more powerful than prayer when done in faith to our God.

My annual trip to Brazil was cancelled due to my grandson's wedding on June 1st. Now the pastor of the church in Manaus has asked I do a mission conference for two of the churches in December of this year. God willing and my health being good I plan to go. This is another prayer request I would have you to remember. My health, funds and the Lord's coming will all play a part in my being able to make the trip.

It makes three years ago on June 11th that Daisey went home to be with our Lord. The ensuing years have been difficult. But God is good, and the fact is as a child of God it isn't about me. It's not about my happiness, or even my wellbeing. It's about honoring and glorifying God. The only way for my finding real happiness is make the honor and glory of God the supreme purpose in my life. I also ask your prayers that this be my goal in life.

Unworthily His,
Wendell Hiers
