The McCutchen's Missionaries to São Paulo, Brazil

Dear Pastor and Praying Friends,

June 6, 2024

I'm praising God that I still have my precious wife with me. Dana underwent a hiatal hernia repair surgery on May 17th that her doctor informed us would be a lengthy and difficult surgery.....6 hours!.....and difficult recuperation.....months. Those 6 hours dragged on for a lifetime! The surgery was a success! Praise the Lord! After surgery, the nurses had a difficult time keeping Dana's pain level and nausea level in check. I stayed with her in the hospital and remembered her crying out for pain relief. Fortunately, the daytime charge nurse contacted Dana's doctor who changed her pain meds and put her on two different nausea meds. Those helped tremendously. After seven days in the hospital, we praise the Lord that Dana was strong enough to come home! Thank you so much for your faithful prayers!!

Our zoom meetings, (on Tuesday nights), with our pastors and their wives are highlights of our

week. Because many of our couples have children at home, we began asking the boys to bring a short message and the girls to read a poem or sing. Josias (Josiah) age nine brought a powerful message that uplifted the pastors and their families! Josias has been memorizing scripture since he started learning to talk. Dana and I witnessed the nurturing of his mom, Edineia. She was saved in our Bible club at five years old. We now have the privilege of supporting them in their work in Sinop. Josias will one day be a powerhouse preacher!

God is blessing tremendously in all the other works! Souls are being saved every single day! The new work in Januária

is growing abundantly in spite of the two gangs that control the city of 62,000 population. It just shows that God is in control! Bro. Mateus and Sister Julia are so faithful to lead this work!

Pastor, we are so blessed to represent you and your people in Brazil! Pray with us as we return to Brazil in July! We have two different church groups coming from North Carolina and Ohio to minister in São Paulo and Manaus.
