March 17, 2026

We had hoped to be able to report to you that our building permit for Grace Baptist Church was approved, however it is still in the building department. Continue to pray for it's approval. We received another bid to build the building, \$5.200,000, the best bid is still \$3.400,000 Prices have continued to rise.

We are thankful to report that the church is doing well. We still meet in the Maui Coffee Shop on Sunday and also have a Wednesday evening service there. Then Thursday in evening we have a service on the Lahaina side. We have had new families attending well as return visitors from the mainland.

This past week we have had a lot of rain from a Kona low. It stalled over Maui and had flooding everywhere and electric was out. Praise the Lord we were safe and had no flooding. Sunday we had church on the internet as the roads were closed to get to church.

Thank you for your faithful prayers.

Your Missionaries
