

THE HORTONS

missionaries to

BRAZIL

SPECIAL EDITION

Hello Pastor & Church family,

Isabel and I have some **GREAT NEWS** to share with you. For the past several months, God has **burdened our hearts** for **our people of Brazil**. After much prayer, we have decided to **return to Brazil to resume our work as church planting missionaries**. These past six and a half years serving as *Assistant Mission Director* at the *WBF Mission Agency* has been a blessed season of learning and assistance to churches and missionaries, and we are grateful to God for the opportunity He gave us.

Please **pray with us** - we are at **75%** and we will **need to raise additional support** before returning to the field. We are contacting churches and scheduling meetings and, Lord willing, beginning in August, we will travel to present our ministry to raise the prayer and financial support needed. We would be honored if you would permit us to come present our ministry to your precious people and consider resuming our support. **Our goal** is to be back on the field by **December of 2026, if not sooner**.

The Lord has always given us a **great love for the Brazilian people**, and we are thrilled that God has opened the door for us to return. We will begin working in the same area we were before, the “northern” region of Brazil. The work will include church planting, Bible Institute training and camp work. Folks, Brazil has so many places that have no Gospel witness at all. Isa and I have a desire to see a church started in the far *southern region of the country* as well. We covet your prayers as we begin preparations for our return to Brazil.

Always for Jesus Christ,

John & Isabel Horton

Missionaries to “northern” Brazil
