Residential Training
Programme at KORBA
"Power City", Chhattisgarh

One Year Residential Programme

10-Acre JIFSA Residential Campus Gives us the Advantage of Practical Field Work

One of the ways to enhance your on-campus living experience is by joining our Residential Learning Program. Student Housing Services is partnering with academic departments and/or campus resource offices to establish Residential Learning Programs that foster a greater connection between the in-class learning experience and the out of class experience. Research has shown that residential learning experiences provide positive impacts on student satisfaction, connection to the institution and academic performance. Ultimately, we believe these communities can help you develop long lasting connections while also focusing on your academic aspirations. Students with similar majors or interests will live together on selected residential floors. Residents will be able to study together, work together and learn from each other. Hall staff will focus programming elements to connect classroom learning with your out of class experience.
