STUDENT TESTIMONIAL

Thanks to JIFSA placement department for assisting me in my placement with Lafarge Cement, Akaltara, Chhattisgarh, as Fire Prevention Specialist. The important factor behind my selection was the way JIFSA trained us using examples and illustrations. Which made it easy to understand and learn things. Getting down to the details of industrial requirements is also an important thing which we learn. JIFSA gave us good practical training and arranged very useful industrial visits.

- **KHAGESH KU. DEWANGAN (Session 2020-21)**

It was really a great course, The way of explanation, videos, photos, I have attended my nebosH IG open book examination via jifsa education academy, this institution have a good set of trainers for online classes and affordable fee structure which really helped me to finish my course?

- **SANAL-E (Session 2020-21)**

This academy is really good for the freshers to learn fire and safety in theory and practice. I enjoyed the course and learnt a lot from it. I especially extend my thanks to JIFSA placement department for helping us to position ourself strongly during the selection process and interview.
