EXPLANATORY NOTE - ENGLISH

1. Routines and circle time activities take place at arrival time in the morning. Teachers prepare ahead of time

some fine and gross motor activities, challenges to overcome and other revision activities to occupy our children at their arrival in the morning. These activities take place before the official teaching time starts in the morning. Those who can drop off the children early are encouraged to do so. Our school gates close at 8:00 am, which is the official starting time in our Nursery school. No formal learning takes place before 8:15 am. Lessons start at 8:15 am.

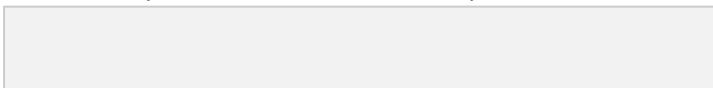

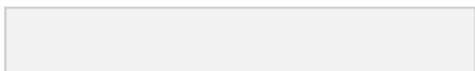

2. We value reading above many other teaching areas, Reading helps children develop faster their language abilities. In order to encourage that culture from early age, once a week, and morning arrival activities take place in the library.

3. Homework will be given to our children on Mondays and Fridays.

4. Reading books shall be sent home

regularly when there is a homework. Please find time to read with your child before he/she goes to bed.

5. Wednesdays are half-days in the entire school. Pick-up time is from 1:15 to 2:00 pm.

We wish you an excellent academic

year!
