DELIVERING QUALITY, ENSURING WELLNESS

SINEW LIFE SCIENCES:

Distributor and Third Party Manufacturer

At Sinew Life Sciences, we don't just trade pharmaceuticals-we revolutionize them. As a leading pharmaceutical company, we operate as both a trusted third-party manufacturer and a pharmaceutical distributor with a diverse range of high-quality products under our own brand name.

Who We Are:

Founded with a vision to transform healthcare, Sinew Life Sciences is a dynamic team of pharmaceutical professionals, innovators, and problem-solvers. We blend expertise in manufacturing and distribution to deliver reliable, effective, and accessible healthcare solutions across India and beyond.

Our Vision:

1. Global Leadership

Aspire to be a leading force in the global healthcare industry.

2. Excellence in Manufacturing

Set new benchmarks in third-party pharmaceutical and nutraceutical manufacturing.

3. Trusted In-House Brands

Establish a strong presence through high-quality, reliable, and innovative own-brand products.

4. Quality, Innovation & Accessibility

Uphold the highest standards of quality while driving innovation and ensuring wide accessibility.

5. Improving Lives Worldwide

Enhance health outcomes and well-being across every market we serve.

Our Mission:

1. Delivering Quality & Safety

Provide high-quality, safe, and effective pharmaceutical and nutraceutical products.

2. Manufacturing Excellence

Leverage world-class third-party manufacturing alongside a growing portfolio of trusted in-house brands.

3. Ethical & Efficient Distribution

Support healthcare systems with ethical, efficient, and reliable distribution practices.

4. Trust & Partnership

Ensure both partners and consumers receive products they can depend on.

5. Innovation & Strategic Growth

Drive innovation, ensure compliance, and pursue strategic growth to create lasting value across the healthcare supply chain.

What We Offer:

1. Third-Party Manufacturing

End-to-end contract manufacturing services, from formulation to final packaging, tailored to your brand's needs.

2. Pharmaceutical Distribution

A strong and growing portfolio of branded medicines across therapeutic segments.

3. Product Range

Tablets, Capsules, Syrups, Injections, Ointments, Creams, Nutraceuticals, and more, all developed with precision and care.

4. Regulatory Compliance

All manufacturing and distribution operations adhere to WHO, GMP, ISO, and other relevant industry certifications.

5. Market Reach

Robust distribution channels and marketing support to ensure product availability and visibility.

Why Choose Sinew Life Sciences?

1. Dual expertise in manufacturing and branded product distribution.
2. Cutting-edge infrastructure and quality control systems.
3. Dedicated R&D and product development teams.
4. Strong ethical foundation and customer-centric approach.
5. Transparent partnerships with long-term growth focus.

Join Us:

At Sinew Life Sciences, we're not just making medicines—we're creating a healthier future. Whether you're looking for a reliable manufacturing partner or seeking high quality branded products, we're here to deliver excellence every step of the way.

SINEW LIFE SCIENCES

PREGGO MOM

Preggo Mom is a health supplement specially designed for pregnant and breastfeeding women to support both mother and baby. It provides essential vitamins and minerals that help in healthy growth, stronger bones, and better energy levels during pregnancy. The supplement is generally safe when taken as advised by the doctor and helps maintain overall well-being.

FERROSINE

Ferrosine is an iron supplement used to prevent and treat iron deficiency and anemia. It helps improve hemoglobin levels, reduces tiredness, and supports overall energy and immunity. The supplement is usually well tolerated, though some people may experience mild stomach upset or constipation.

SINEPAN-40

Sinepan-40 is a medicine used to treat acidity-related problems like heartburn, ulcers, and reflux disease. It works by reducing the amount of acid produced in the stomach and is usually taken once daily before meals. The medicine is generally safe, though long-term use may sometimes lower magnesium or vitamin levels and increase bone weakness risk.

SINEVOM

Sinevom is a medicine used to relieve nausea and vomiting caused by conditions such as motion sickness, stomach upset, or after certain treatments. It works by blocking signals in the brain that trigger the feeling of nausea, helping patients feel more comfortable. The medicine is generally safe when taken as directed, though some may experience mild side effects like dryness of mouth or drowsiness.

SINECAL

Sinecal is a supplement that provides essential calcium and vitamin D to support strong bones and teeth. It helps prevent deficiencies, reduces the risk of bone weakness, and supports overall growth and strength. The supplement is generally safe when taken as advised, though excessive use may cause stomach discomfort or constipation.
