

DE WAEPENAERE LENNY

DIGITAL MARKETING COORDINATOR

Wait a mintute!

I know you probably read cover letters non-stop, but I promise this one deserves your attention—it's the right one!

With **over 7 years of experience in digital marketing and content management**, I'm thrilled about the opportunity to join an active and big company such as Modus Create. As a fluent French speaker with excellent English skills—sharpened during my time as a Marketing Manager for a U.S.-based real estate investment company—I'm confident I can help elevate your marketing efforts across platforms and campaigns.

From optimizing SEO to running engaging paid campaigns on platforms like Google Ads and Social media, my expertise is built on data-driven decision-making and creativity. My previous roles have honed my ability to execute and analyze digital strategies, ensuring impactful results and efficient ROI. Collaboration is my superpower—whether with developers, designers, or external agencies, I excel at coordinating for success.

Curious about what I bring to the table? Feel free to check out my video resume or watch it on YouTube (it's in the corner of the page, ready for a quick click).

I'd love to discuss how I can contribute to your innovative team. Looking forward to hearing from you soon!
