Company History

Since 2020

Sumber Hijaudaun Nusantara has established itself as one of the leading suppliers of Kratom (*Mitragyna speciosa*) powder, offering the finest quality to customers worldwide. Originating from the heart of Indonesia, we take pride in sourcing our Kratom from the lush, biodiverse regions of Kapuas Hulu, Borneo, where the plant thrives under ideal growing conditions.

We are committed to becoming a leading player in the herbal processing industry through high-quality kratom products that meet global standards. With a spirit of collaboration and innovation, we are ready to build a sustainable future together with all our partners.

Vision

01. To become a leading herbal processing company at the national and global levels, with high-quality kratom products that support a healthy and sustainable lifestyle.

Mission

01. To produce safe, hygienic, and high-value herbal products through standardized and sustainable production processes.
02. To expand market reach through international trade by building global distribution networks and meeting export standards.
03. To build long-term partnerships with industry players, distributors, and local communities in developing the herbal sector.
04. To promote responsible business growth as a socio-economic and environmental contributor with real impact on society.
