

# Huỳnh Kim Thảo

## SOFTWARE DEVELOPER

### PERSONAL INFORMATION

- 0946351139
- mrthao20111990@gmail.com
- HUỖNH KIM THẢO
- Phu Nhuan District, Ho Chi Minh City

### SKILLS

#### TECHNICAL SKILLS

- Proficient in programming languages: JavaScript, C#.
- Skilled in developing web applications and APIs with ASP.NET Core.
- Experienced in developing cross-platform mobile applications with React Native.
- Capable of working across the entire technology stack, from databases, back-end to front-end.
- Strong ability to plan, delegate tasks, and monitor project progress.
- Experienced in guiding and supporting team members to resolve technical issues.

#### SOFT SKILLS

- Effective communication skills, capable of conveying ideas and work-related content clearly, comprehensively, and concisely.
- Possesses a self-learning mindset and curiosity to explore

### CAREER OBJECTIVE

Dynamic software developer with over 8 years of experience in creating innovative applications and solutions. Demonstrates solid expertise in SQL, JavaScript, and frameworks like ASP.NET, ASP.NET Core, and VueJS, driving successful project outcomes. A strong foundation in software troubleshooting enhances the ability to deliver high-quality results. Committed to improving technical skills and contributing to impactful projects within a collaborative environment. Aspires to leverage extensive software development experience to tackle new challenges and foster further professional growth.

### WORK EXPERIENCE

#### SOFTWARE DEVELOPER

01/2013 - 07/2016

##### VIET LONG Co., Ltd

- Phát triển dự án dựa trên tài liệu thiết kế của khách hàng.
- Phát triển ứng dụng trên nền tảng Windows sử dụng C#, ASP.NET, Visual Studio 2013, SQL Server 2008/2012, Ionic Framework, AngularJs.
- Kiến thức về Android SDK, Dịch vụ web, JSON, Eclipse IDE, cơ sở dữ liệu SQLite, Activities, Services, Broadcast Receivers, Thiết kế giao diện người dùng (UI Designing).

#### SOFTWARE DEVELOPER

07/2016 - 08/2018

##### Lac Viet Computing Corporation

- Design, develop, and deploy web or desktop applications using technologies such as ASP.NET, C#, MVC, and Entity Framework.
- Work with SQL Server to design, optimize, and manage databases.
- Debug, improve system performance, and maintain deployed applications.
- Understand and translate customer requirements into technical solutions.
- Perform unit testing, system integration, and ensure code quality.
- Regularly update knowledge on frameworks, libraries, and tools related to .NET.

#### .NET DEVELOPMENT TEAM LEADER

10/2019 - 01/2020

##### Vinorsoft Technology Joint Stock Company

- Guide and coordinate team members to complete projects on time.
- Plan, design system architecture, and ensure the stability and performance of applications using .NET technology.
- Develop web and software applications: Expertise in ASP.NET, C#, MVC Framework, Entity Framework, and tools such as Visual Studio and SQL Server.
- Support team members in enhancing technical skills and resolving issues that arise during the project.
- Understand customer requirements and feedback to adjust the project accordingly.

#### .NET DEVELOPMENT TEAM LEADER

10/2021 - Hiện tại

##### BTEC Technology Joint Stock Company

- Divide tasks, supervise progress, and support team members to ensure projects are completed on time and meet high-quality standards.
- Design system architecture using .NET technology, integrate frontend with Vue.js, and implement containerization with Docker to enhance efficiency and stability.
- Work with Docker to manage and deploy applications in containerized environments, optimizing the CI/CD process.
- Identify and resolve system issues, improving application performance and security.

- relevant knowledge and issues.
- Proficient in problem-solving skills to address challenges efficiently

## HOBBIES

- Programming: Enjoy exploring new technologies and developing personal projects to enhance skills.
- Reading: Passionate about reading books on self-development, technology, and leadership.
- Gym: Committed to maintaining physical fitness and improving discipline through regular workouts

- Collaborate directly with clients or other departments to ensure the product meets required standards and expectations.
- Train the team in .NET, Vue.js, Docker, as well as relevant tools and technologies.

## EDUCATION

**BACHELOR OF SCIENCE IN COMPUTER SCIENCE** **09/2008 - 12/2013**  
**Lac Hong University**

## ACHIEVEMENTS AND AWARDS

**2018** Outstanding Employee of the HPS Center - Lac Viet Computing Corporation

## PROJECTS

### B-EOFFICE MOBILE APPLICATION

**SOFTWARE DEVELOPMENT TEAM LEADER** **10/2021 - 03/2025**

Customer Binh Son Refining and Petrochemical Joint Stock Company

Number of participants 3

#### Technologies Used

Kotlin, Android studio

#### Description

- Divide tasks, monitor progress, and support team members to ensure timely project completion.
- Design mobile application architecture from scratch, ensuring system usability and scalability.
- Integrate APIs, web services (REST/JSON), SQLite databases, or cloud storage services.
- Implement digital signature, electronic signature, and faceID services.
- Publish the application on Google Play Store and manage updates.
- Collaborate closely with stakeholders such as clients, design teams, and testing teams to ensure the application meets requirements.
- Serve as a technical mentor within the team

### SOFTWARE DEVELOPMENT TEAM LEADER

**B-EOFFICE WEB APPLICATION** **10/2021 - 03/2025**

Customer Binh Son Refining and Petrochemical Joint Stock Company

Number of participants 4

#### Technologies Used

Asp.Net 4, SQL Server, Vuejs, Firebase, Azure Ad

#### Description

- Divide tasks, monitor progress, and support team members to ensure the timely completion of high-quality projects.
- Build backend architecture.
- Integrate APIs and web services (REST/JSON).
- Implement digital signature, electronic signature, and faceID services.
- Integrate with systems such as SAP and HRMs.
- Collaborate closely with stakeholders, including clients, design teams, and testing teams, to ensure the application meets requirements.
- Serve as a technical mentor within the team

### SOFTWARE DEVELOPMENT TEAM LEADER

**HSES WEB APPLICATION – HEALTH, SAFETY AND**

Customer Binh Son Refining and Petrochemical Joint Stock Company

Number of participants 4

Technologies Used

Asp.Net 4, SQL Server, Vuejs, Firebase, Azure Ad

Description

- Divide tasks, supervise progress, and support team members to ensure projects are completed on time.
- Build backend architecture.
- Integrate APIs and web services (REST/JSON).
- Incorporate digital signature, electronic signature, and faceID services.
- Integrate with systems like SAP and HRMs.
- Collaborate closely with stakeholders such as clients, design teams, and testing teams to ensure the application meets requirements.
- Act as a technical mentor within the team
