

My Personal Journey

After 30 years of faith, the last ten have been a season of ashes. Yet, from this very place, God has revealed His nearness, His calling, and His authenticity.

Now is the time He has opened the treasure chamber collected through this decade to be released as blessing and life for many.

This is the vision of **Royal Lifeline**: intimacy, calling, and authenticity — gifts for this generation.

Intimacy with God

"Draw near to God and He will draw near to you." (James 4:8)

Intimacy is about experiencing the Father's embrace, hearing His heartbeat, and living daily from His presence. It is a call to closeness and communion.

Calling

"You did not choose Me, but I chose you and appointed you that you should go and bear fruit." (John 15:16)

Every person carries a divine assignment. Calling means stepping into your God-given purpose with courage and confidence, knowing you are chosen and equipped.

Authenticity

"Behold, you are beautiful, my love; behold, you are beautiful!" (Song of Solomon 4:1)

Authenticity means living free from masks, embracing your God-given identity, and shining with the uniqueness He placed within you. It is freedom in truth.
