Helpful Tips for Cleaning Guides

Floor Type	Cleaner	Homemade Cleaner	Instructions
Hardwood Floor	Bona Hardwood Floor Cleaner	1 measuring cup of white vinegar and fill the tank with water [1 : 32]	Wipe the floor gently with a damp cloth, avoiding excess water.
Tile Floor	Lysol Clean & Fresh Multi-Surface Cleaner	1 measuring cup of baking soda and fill the tank with water [1 : 32]	Clean with a mop, then rinse with clean water.
Laminate Floor	Bruce Hardwood and Laminate Floor Cleaner	1/2 measuring cup of white vinegar and fill the tank with water [1 : 64]	Wipe with a damp cloth, making sure not to leave water spots.
Vinyl and Linoleum Floor	Fabuloso All-Purpose Cleaner	2 measuring cup of white vinegar and fill with the tank with water [1 : 16]	Mop the floor, then rinse with clean water to keep it dry.

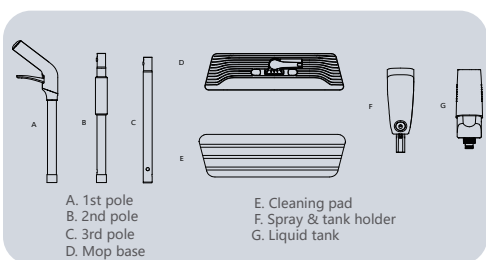

Xlife Spray Mop

Squeeze, spray, and sway—clean for joy.

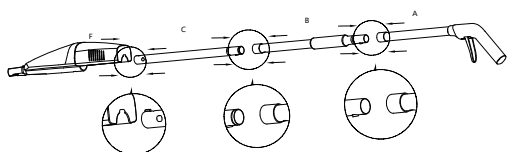

MADE IN CHINA

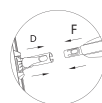

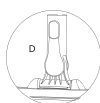

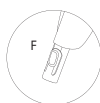

Instructions

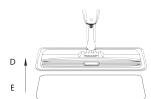

1. Connect A (1st pole) with B (2nd pole) with C (3rd pole) and F(Spray&tank holder).

2. Secure F (Spray&tank holder) onto D (Mop base).

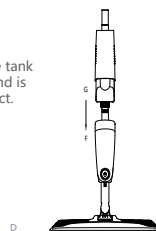

3. Secure E (Cleaning pad) onto D (Mop base).

4. Remove the cap from G (Liquid tank) to fill with detergent or liquid, then replace the cap and insert into F (Spray & tank holder).

NOTE: The liquid in the tank is for testing residue and is not from a used product.

NOTE: To ensure proper storage, the mop should always have the tank inserted.

5. The assembly of your trustworthy cleaning partner is complete, ready to tackle any cleaning task! Have fun!
