# WHY DR. TEMT?

## MADE BY HAND

Dr. Temt believes that creating the best beauty products is a craft and something that deserves a human touch. That is why every one of our products is handmade in small batches, in-house, by their expert team in Vienna. Meaning they can ensure quality the entire way through the production process from sourcing the best ingredients, all the way through to them being hand packed.

## SCIENCE FIRST

Dr. Temt's 'science-first' approach means they use high-performance ingredients and create products that really work and that stand the test of time.

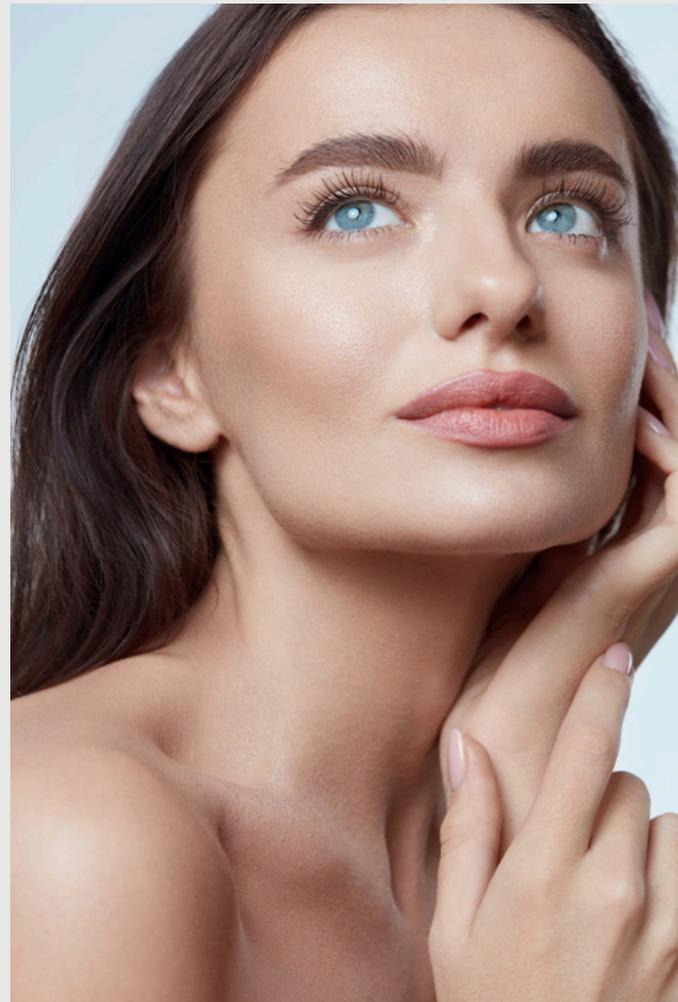

## RESULTS DRIVEN

Their formulas include many of the industry leading active ingredients, but they use them in higher concentrations and in formulas that are proven to work better for your beauty regime.

## SALON APPROVED

Dr. Temt has been supplying some of the leading salons for over 70 years. Now you and your clients can bring that salon experience home.

CLEANSER/TONER/PEELING LINE

# DR. TEMT

## CLEANSER/TONER/PEELING LINE

DR. TEMT **Cleansers & Toners** – Purify, Balance & Refresh

A gentle yet high-performance cleansing solution, DR. TEMT cleansing products exfoliate, tone, and refine the skin while removing dirt, oil, and makeup for a fresh, radiant complexion.

Formulated with a low dose of Glycolic Acid, these cleansers work to lift dead skin cells, improve skin texture, and promote a smoother, more even-toned appearance.

Infused with Sage Leaf Extract and Chamomile, our cleansers calm, soothe, and regulate moisture balance, ensuring your skin feels hydrated, refreshed, and never stripped.

Pores appear more refined, the skin's natural glow is restored, and the complexion is left feeling silky soft.

**Toners** – The Perfect Post-Cleansing Step

Complement your cleansing routine with DR. TEMT Toners, designed to restore pH balance, tighten pores, and prep skin for optimal absorption of serums and creams. Infused with hydrating and soothing botanical extracts, our toners help to:

- Remove residual impurities left after cleansing
- Enhance skin hydration and prevent moisture loss
- Calm and refresh the skin with gentle, nourishing ingredients
- Prepare the skin for better absorption of active skincare ingredients

**Reveal a renewed, healthy glow with every use!**

## CLEANSER/TONER/PEELING LINE

### Why Spas Need to Carry Dr. Temt's Line

- **High-Performance, Gentle Formulas:**

DR. TEMT products are specifically designed to be both effective and gentle. Spas need products that can cater to a wide range of skin types, from sensitive to more resilient skin, without causing irritation. The gentle yet high-performance nature of DR. TEMT cleansers and toners ensures that clients experience effective skincare without discomfort, making them suitable for spa treatments where relaxation and comfort are key.

- **Exfoliation and Skin Refinement:**

The inclusion of Glycolic Acid in DR. TEMT cleansers and peelings offers a powerful yet mild exfoliation. This is especially important in a spa setting, as exfoliation helps remove dead skin cells, revealing smoother, more radiant skin. By exfoliating, these products help improve skin texture and tone, which is crucial for preparing the skin for further treatments like facials, masks, or moisturizing.

- **Purification and Balance:**

Spas prioritize cleanliness and balance in their treatments. DR. TEMT cleansers remove dirt, oil, and makeup effectively, leaving the skin purified. Toners, on the other hand, help restore the skin's natural pH balance, which is often disrupted during cleansing. The balance between cleansing and toning ensures that the skin is properly prepared to absorb the next steps in the treatment process, optimizing the efficacy of all subsequent skincare applications.

**DR. TEMT's range of cleansers, toners, and peelings can address multiple skin concerns, such as acne, dullness, uneven skin tone, or early signs of aging. This versatility makes them ideal for spas that cater to a variety of clients with different skin types and concerns.**

# DR. TEMT

## PEELINGS

DR. TEMT **Face PEELINGS** provide an exceptional and profound cleansing effect, effectively dissolving dead skin cells, excess oil, and impurities from the epidermis.

This advanced exfoliation process not only refines and smooths skin texture but also stimulates microcirculation, enhancing the skin's ability to absorb active ingredients in subsequent skincare steps.

The result? A brighter, more even-toned complexion with a healthy, radiant glow.

### Key Benefits:

- **Suitable for all skin types** – Gentle yet effective for all skin concerns.
- **Softens, cleanses, and hydrates instantly** – Leaves skin feeling fresh, smooth, and nourished.
- **Enriched with natural plant extracts** – Provides soothing and revitalizing benefits.
- **Promotes a refined, radiant complexion** – Improves skin clarity and luminosity.
- **Prepares the skin for optimal absorption of serums and creams** – Boosts skincare efficacy.
- **Enhances cell renewal** – Supports a youthful, refreshed appearance.
- **Free from harsh chemicals & no animal testing.**

**A clean, ethical skincare solution for healthy, glowing skin.**

**Incorporate DR. TEMT Face Peelings into your routine for a revitalized, silky-smooth, and radiant complexion!**

## EXTENSIVE MASK LINE

At DR. TEMT we have many **MASKS** when using masks in your skincare routine is another way to further achieve desired results. Masks deliver extra benefits for increased hydration and better skin clarity, making them the perfect complement to an ampoule routine.

To maximize their benefits, try layering masks on top of an ampoule treatment – together they can make all the difference in achieving that glowing effect you desire!

### BENEFITS:

- Deep Hydration
- Brightening Effect
- Detoxifies & Purifies
- Boosts Collagen Production
- Nourishes & Revitalizes
- Soothes & Calms

**In conclusion, Dr. TEMT Masks are a powerful addition to a spa's treatment offerings.**

By pairing them with ampoules or using them as stand alone treatments, spas can maximize results, cater to a variety of skin concerns, and provide an indulgent, results-driven experience that keeps clients coming back for more.

# DR. TEMT

## EXTENSIVE MASK LINE

### Why Spas Need to Carry Dr. Temt's Masks

Spas should absolutely offer Dr. TEMT Masks for a variety of compelling reasons:

- **Enhanced Skincare Routine:** Masks are an excellent way to complement the results achieved from other treatments, such as serums or ampoules. Layering masks on top of an ampoule treatment amplifies the benefits, helping to lock in hydration, brighten the skin, and improve overall clarity. This combination delivers visible results, making it a great selling point for spas offering a more comprehensive and effective skincare experience.
- **Targeted Benefits for Various Skin Needs:** With benefits like deep hydration, brightening, detoxifying, and boosting collagen production, Dr. TEMT Masks provide tailored solutions for different skin concerns. Whether clients have dehydrated skin, want to improve skin clarity, or need a boost in collagen production, these masks address a wide range of needs, helping spas provide personalized treatments.
- **Instant and Long-Term Results: Masks** offer both instant gratification and long-term benefits. The soothing, calming, and nourishing properties leave the skin feeling refreshed and revitalized, which creates a luxurious, pampering experience for clients. Additionally, long-term use helps improve skin texture, firmness, and tone—key benefits that will keep clients coming back.
- **Versatility for Different Skin Types:** Dr. TEMT Masks are designed to cater to various skin types and concerns. Whether a client's skin is dry, oily, sensitive, or dull, there's a mask that suits their specific needs. This makes it easy for spas to offer a tailored service to each client, ensuring everyone leaves with glowing, revitalized skin.

# DR. TEMT

## EXTENSIVE MASK LINE

- **Increased Client Satisfaction:** Offering masks enhances the overall client experience, making it feel more luxurious and indulgent. Masks are often viewed as a "treat," and their visible effects (like improved hydration and radiance) can boost client satisfaction. Clients are more likely to return if they see and feel the immediate benefits of the treatment, driving repeat business.
- **Convenient and Simple to Use:** Dr. TEMT Masks are easy to use with a clear application process—just apply, leave on for 10-20 minutes, and rinse. This simplicity makes them perfect for in-spa treatments as well as at-home follow-up care, allowing spas to offer quick, effective solutions that clients can easily replicate in their routine.

These masks are not only effective in delivering deep hydration, brightening effects, and collagen-boosting benefits, but they also offer an indulgent, spa-like experience that elevates the treatment process.

Clients are likely to appreciate the immediate, visible improvements in their skin's appearance—whether it's a refreshed glow, smoother texture, or a reduction in redness or irritation. This satisfaction leads to increased client loyalty, as they feel both pampered and confident in the results of their treatment.

Moreover, offering Dr. TEMT Masks aligns with the growing demand for professional, high-quality skincare solutions. By incorporating masks into a spa's repertoire, spas position themselves as premium destinations for effective and luxurious skincare.

**This not only helps to retain existing clients but also attracts new ones who are looking for advanced, results-driven skincare.**

**Glycocid Professional Line**

# DR. TEMT

## Glycocid Professional Line

A **glycolic-acid peel** helps remove dead skin cells and reduce the appearance of pale and tired-looking skin for a more glowing look.... PROFESSIONAL Glycolic-acid peel is a powerful exfoliating treatment used in spas to rejuvenate and refresh the skin. Here's why professionals choose glycolic peels for their clients:

### Why Use Glycolic Peels in Spas?

- **Deep Exfoliation** – Helps remove dead skin cells, improving skin texture and brightness.
- **Cell Turnover Acceleration** – Promotes faster regeneration of fresh, healthy skin.
- **Boosts Product Absorption** – Enhances the effectiveness of serums and moisturizers applied after the treatment.
- **Non-Invasive Rejuvenation** – A safe and effective way to achieve smoother, younger-looking skin without downtime.
- **Suitable for Various Skin Concerns** – Can be customized for different skin types and conditions.

### WHAT CAN CHEMICAL PEELS TREAT:

- ✓ **Pigmented Lesions** – Reduces freckles, sun spots, and photo damage.
- ✓ **Acne & Scars** – Helps clear acne and fade post-acne scars.
- ✓ **Rosacea** – Soothes redness and improves skin resilience.
- ✓ **Wrinkles & Fine Lines** – Diminishes signs of aging by stimulating collagen production.
- ✓ **Complexion's Glow** – Revives dull, tired-looking skin for a more radiant look.
- ✓ **Pore Reduction** – Minimizes enlarged pores for a smoother texture.
- ✓ **Uneven & Asphyxiated Skin** – Improves circulation and oxygenation.
- ✓ **Dry & Flaky Skin** – Hydrates and restores balance.
- ✓ **Keratosis Pilaris** – Softens rough, bumpy skin on arms and body

# GLYCOCID Line HOME CARE

## Why is Post-Peel Home Care Important?

- ♥ Protects & Soothes the Skin – Helps calm sensitivity and reduce redness.
- ♥ Prevents Dryness & Flaking – Keeps the skin hydrated and balanced.
- ♥ Boosts Cell Regeneration – Supports collagen production and skin renewal.
- ♥ Maintains Radiance & Glow – Ensures the skin stays smooth, even-toned, and youthful.

## Recommended Post-Peel Routine

- **Cleanse Gently**– Use Glycocid Home Care Gel Cleanser to remove impurities without stripping moisture.
- **Hydrate & Repair** – Apply Glycocid Home Care Moisturizer to nourish and protect the skin barrier.
- **Sun Protection is Key!** – Always use a broad-spectrum SPF 30+ sunscreen to prevent hyperpigmentation and sensitivity.

With consistent home care, you can extend the benefits of your chemical peel, keeping your skin radiant, smooth, and youthful for longer! ✨

# **GLYCOCID Line** **PROFESSIONAL**

## **What Products do we have:**

- ➔ **Glycocid Liquid AHA 25%**
- ➔ **Glycocid Neutralizer**
- ➔ **Glycocid Soothing Lotion**

Chemical peels offer amazing results by targeting both the Epidermal and Dermal layers of the skin:

- Applied at the Epidermal (Horny) Layer, they resurface and exfoliate built-up dead cells.
- Impacting the Dermal Layer, they accelerate new cell production and stimulate essential skin components:
  - Collagen – Enhancing skin firmness and elasticity.
  - Elastin – Improving skin’s resilience and bounce.
  - Fibroblasts – Boosting skin regeneration for a youthful look.

Since we naturally develop up to 20 layers of dead skin cells per month, this buildup can lead to dullness, congestion, and clogged pores. Regular peels help maintain a healthy, radiant glow while keeping the skin clear, smooth, and rejuvenated.

**Dr. TEMT Chemical Peels offer optimal results in as little as 30 minutes with no social interruption.**

# GLYCOCID Line HOME CARE

## Post-Peel Home Care: Essential for Long-Lasting Results

After a professional chemical peel, proper home care is crucial to maintain and prolong the results while ensuring the skin heals effectively. The Glycocid Home Care Gel Cleanser and Moisturizer are designed to support the skin's renewal process, prevent irritation, and enhance the long-term benefits of the treatment.

### A.H.A. Glycocid – Gel Cleanser 10% 100ml

This non-stripping Alpha Hydroxy powered cleanser removes all traces of dirt, oil, and makeup. The formula utilizes 10% Glycolic Acid, its deep cleansing action creates a rich, cushiony lather, ensuring skin feels soft and balanced.

### A.H.A. Glycocid – Moisturizing Cream 8% 50ml

With 8% Glycolic Acid to gently exfoliate dead skin cells, Dr. Temt's A.H.A. MOISTURIZING CREAM 8% is perfect for those with oilier, blemish-prone skins. This product is ideal for daily use as well as for new A.H.A. users. When skin is renewed through exfoliation and then replenished with intense hydration, the effect is synergistic. Skin feels hydrated with a refined texture and with improved appearance of fine lines and wrinkles.

## INTENSIVE CARE Line

### Why Spas Need to Carry Dr. Temt's Intensive Line

Spas should carry Dr. TEMT – INTENSIVE CARE LINE for several key reasons:

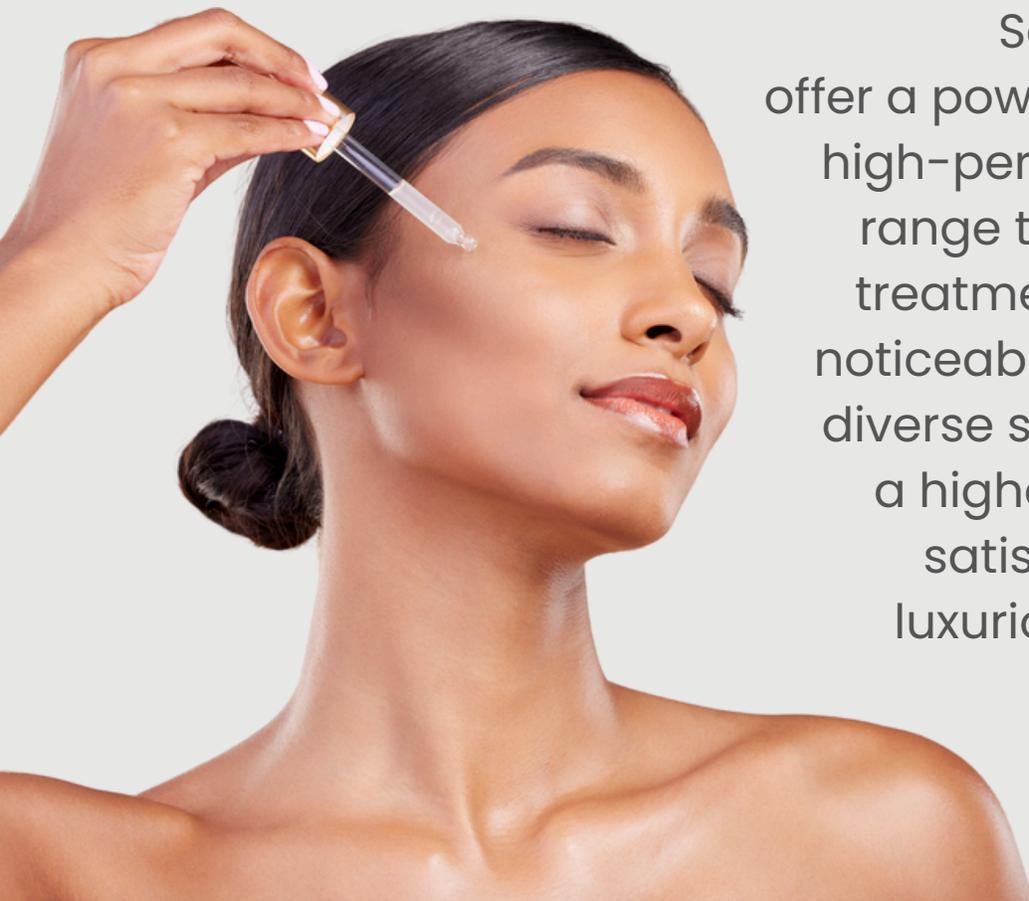

- **Premium, Advanced Skincare Formula:** These products are designed with a high-end, effective blend of ingredients like High, Low, and Cross- Linked Molecular Hyaluronic Acids, along with potent Vitamins C, E, and B<sub>3</sub>. This makes them perfect for spas that want to offer clients advanced, science-backed skincare treatments with immediate and noticeable results.
- **Hydration & Skin Rejuvenation:** The serums and ampoules offer a dual benefit of hydration and rejuvenation. Hyaluronic Acid is a well-known ingredient for deeply hydrating and plumping the skin, which is a highly sought-after effect in any facial or skin treatment. The combination of active ingredients also reduces the appearance of fine lines and wrinkles, making them great for clients seeking anti-aging treatments.
- **Customization for Different Skin Concerns:** The ampoules, with their high-concentration formulas, are ideal for targeting specific skin concerns like dehydration, dullness, redness, and loss of firmness. This allows spas to offer highly personalized treatments tailored to individual client needs, which is a huge draw for those seeking more customized skincare solutions
- **Boosts Client Experience:** The lightweight and fast-absorbing nature of the products enhances the client experience by providing immediate benefits without heavy, greasy residue. This makes them perfect for in-spa treatments where clients need something quick, effective, and comfortable.

- **Visible Results:** With key ingredients like Vitamin C and Ferulic Acid for brightening and Vitamin E for improving texture and elasticity, these serums and ampoules deliver visible results in a short period of time, which boosts client satisfaction and repeat business.
- **Comprehensive Skincare Solution:** The combination of intense hydration, anti-aging, skin barrier protection, and brightening properties makes these products a comprehensive solution for clients' skincare needs, making them a perfect addition to any spa's offering.
- **Elevates the Spa's Brand:** By carrying Dr. TEMT products, which are known for their scientific approach and luxurious formulations, spas can position themselves as offering premium, high-quality treatments. This can attract clients who are looking for cutting-edge, professional-grade skincare options.

### **In summary, Dr. TEMT – INTENSIVE CARE LINE**

#### **Serums & Ampoules**

offer a powerful, versatile, and high-performance skincare range that enhances spa treatments delivers quick, noticeable results and meets diverse skin needs, ensuring a higher level of customer satisfaction and a more luxurious service offering.

ELIENCE AGE DEFENCE LINE

# DR. TEMT

## ELIENCE AGE DEFENCE LINE

### Dr. TEMT Elience Age Defense – Blue Light Protection

In today's digital world, our skin is exposed to bluelight (HEV– High Energy Visible Light) from screens, LED lighting, and the sun. Over time, blue light exposure can contribute to premature aging, oxidative stress, and collagen breakdown, leading to fine lines, wrinkles, and loss of firmness.

### How Dr. TEMT Elience Age Defense Protects Against Blue Light Damage

- **Plant Stem Cells & Peptides** – Strengthen the skin barrier and combat oxidative stress caused by blue light exposure.
- **Antioxidant-Rich Formula** – Neutralizes free radicals and minimizes skin inflammation.
- **Prevents Digital Aging** – Helps reduce the risk of hyperpigmentation and dullness from prolonged screen time.
- **Supports Collagen & Elasticity** – Protects skin from light-induced aging for a firmer, more youthful look.
- **Hydrating & Soothing** – Keeps skin nourished and resilient against daily environmental stressors.

**While Dr. TEMT Elience Age Defense provides essential protection against environmental aggressors, it's always recommended to pair it with broad-spectrum SPF during the day for complete defense against UV and blue light exposure.**

# DR. TEMT

## ELIENCE AGE DEFENSE LINE

### Why Spas Offer Dr. TEMT Elience Age Defense Line

Spas choose to offer the Dr. TEMT **Elience Age Defense** Line because it provides advanced skincare solutions that target the signs of aging caused by both environmental and digital stressors. This high-performance line offers professional-grade results, making it a perfect addition to a spa's treatment menu.

#### Here are some reasons why spas trust and offer this line to their clients:

- **Prevents Premature Aging** – The Elience Age Defense line helps prevent the appearance of fine lines and wrinkles caused by environmental damage, making it an essential product for clients who want to maintain youthful skin. This line is especially effective for clients who spend a lot of time in front of screens or exposed to pollutants.
- **Protection Against Blue Light & Environmental Stressors** – With blue light protection and antioxidants, the Elience line shields skin from digital aging and environmental stress, offering clients a way to protect their skin from daily exposure to harmful external factors.
- **Ideal for Sensitive & Mature Skin** – Formulated with plant stem cells, peptides, and advanced botanicals, this line is gentle yet effective, making it suitable for sensitive skin and clients with early signs of aging. It helps to strengthen the skin barrier, reduce fine lines, and promote a youthful complexion without irritation.
- **Enhances Spa Treatments** – Used after facials or chemical peels, Elience Age Defense products provide long-lasting results, ensuring that clients leave with skin that is not only rejuvenated but also protected from future damage. The products can also be used as a daily regimen to maintain the benefits of in-spa treatments.

# DR. TEMT

## ELIENCE AGE DEFENCE LINE

- **Antioxidant Protection** – This line is packed with antioxidants that fight free radicals, a major contributor to skin aging. Spas can offer their clients a powerful defense against oxidative stress, making the Elience Age Defense line a must-have for anti-aging treatments.
  - **Holistic, Comprehensive Care** – Spas look for products that go beyond basic skincare. The Elience Age Defense line provides comprehensive care by addressing multiple skin concerns (aging, dehydration, lack of elasticity) and giving clients a complete solution to improve skin health
  - **Trust in Professional-Grade Formulation** – With its clinical-grade ingredients, spas trust Dr. TEMT for products that provide measurable results. The Elience Age Defense line delivers luxury and effectiveness, ensuring client satisfaction and loyalty.
- 

### Benefits of Arabian Cotton in Skincare:

- **Blue Light & UV Protection** – Shields the skin from damage caused by HEV (blue light) exposure from screens and UV rays, preventing premature aging.
- **Rich in Antioxidants** – Fights free radicals, helping to prevent oxidative stress and reduce the appearance of fine lines and wrinkles.
- **Soothes & Strengthens the Skin Barrier** – Calms inflammation and enhances skin resilience against environmental aggressors.
- **Boosts Skin Regeneration** – Supports cell renewal for a healthier, more youthful complexion.
- **Enhances Radiance & Hydration** – Helps retain moisture, leaving the skin soft, smooth, and glowing.

### Top Reasons to Offer the Collagen Management Line in Your Spa

- **Professional-Grade European Skincare**

Dr. Temt's Austrian-formulated skincare is science-backed and results-driven, providing high-performance treatments that spa clients trust. This line is infused with Acacia Collagen & Matrixyl® 3000, a powerful anti-wrinkle complex that helps visibly firm, smooth, and rejuvenate aging skin.

- **Addresses Key Aging Concerns for Spa Clients**

Collagen production naturally declines with age, leading to loss of firmness, fine lines, wrinkles, and dehydration. The Collagen Management Line helps boost elasticity, plump the skin, and restore a youthful glow, making it the perfect solution for clients seeking anti-aging treatments.

- **Perfect for Canada's Harsh Climate**

Cold winters, dry indoor heating, and UV exposure accelerate skin aging. This line's deep hydration, barrier protection, and collagen-boosting properties help counteract environmental damage, making it a year-round essential for Canadian spas.

- **Customizable for All Skin Types & Spa Treatments**

The Collagen Management Line is suitable for all skin types, including dry, mature, and combination skin. Spa professionals can integrate these products into:

- Anti-aging facials
- Microneedling & collagen induction therapy
- Hydrating & firming treatments
- Post-treatment recovery (chemical peels, laser, etc.)

## Collagen Line

The Dr. Temt **Collagen Line** is a luxurious, science-driven collection designed to replenish, strengthen, and restore skin's youthful structure. Featuring Acacia Collagen, a plant-based collagen alternative, along with collagen-boosting peptides, encapsulated actives, and deeply hydrating ingredients, this advanced skincare system helps promote skin elasticity, firmness, and long-lasting hydration.

### Why Dr. Temt's Collagen Line is a Must-Have for your Spa

The Dr. Temt Collagen Line, powered by Acacia Collagen, is a game-changer for spas looking to offer cutting-edge, results-driven anti-aging treatments. With a focus on hydration, skin renewal, and collagen restoration, this line meets the growing demand for high-performance, plant-based skincare solutions.

#### ◆ The Power of Acacia Collagen ◆

Derived from the Acacia tree, Acacia Collagen is a natural, vegan-friendly collagen alternative that helps to enhance skin elasticity, improve hydration, and visibly smooth fine lines. It mimics the properties.

#### ◆ Key Benefits of the Collagen Line ◆

- ✓ **Stimulates Natural Collagen Production** – Helps improve skin density and firmness
- ✓ **Visibly Plumps & Smooths Fine Lines** – Reduces the appearance of wrinkles for a youthful glow
- ✓ **Deep Hydration & Barrier Protection** – Strengthens the skin's moisture barrier and prevents dehydration
- ✓ **Promotes Skin Regeneration** – Supports a smoother, more radiant complexion

### Why your Spa Needs Dr. Temt's Collagen Line

Dr. Temt's Austrian-formulated skincare brings scientifically backed, luxury anti-aging treatments to the Canadian market. Featuring Acacia Collagen, a plant-derived alternative to animal collagen, this line provides a clean, effective solution for spas catering to eco-conscious clients.

#### Advanced European Skincare with Plant-Based Collagen

- **Targets Aging Concerns Common in Canada's Climate**

Harsh winters, dry indoor heating, and environmental stressors accelerate skin dehydration and collagen breakdown. The Dr. Temt Collagen Line intensely hydrates, restores elasticity, and combats fine lines, making it ideal for year-round spa treatments in Canada.

- **Customizable for All Skin Types**

From dry and mature to combination skin, this versatile collagen line is designed to suit a wide range of clients. Spa professionals can integrate it into facials, anti-aging protocols, and post-treatment care for optimal, visible results.

- **Luxury Experience with Visible Results**

Clients today seek more than just relaxation—they want tangible improvements in skin texture, firmness, and hydration. The Dr. Temt Collagen Line delivers a luxurious spa experience while providing noticeable, long-term anti-aging benefits.

- **Boosts Spa Revenue & Client Loyalty**

By offering Dr. Temt's Collagen Line in treatments and as an at-home regimen, spas can increase retail sales, enhance treatment results, and improve client retention. High-quality, professional skincare keeps customers returning for both services and products.

PURITY LINE

# DR. TEMT

## PURITY LINE

**The Purity Line is specially formulated for oily/acne skin.**

This line cleanses deeply, disinfects and combats even the toughest acne while leaving the skin balanced and soothed. Active ingredients such as squalene, allantoin, sulfur, salicylic acid and camphor work together to help clear acne, reduce redness and prevent future breakouts.

The Purity Clear product collection gently helps to balance oily and impure-prone skin.

This skin type needs extra daily care to help balance the oiliness, thus improving the complexion for a matte and clear appearance of the skin. For best results, combine the Dr. TEMT Purity Clear products.

All Purity Clear products are free of mineral oils, silicones, parabens, and micro-plastic and not tested on animals.

When using products with Salicylic Acid, it's best to apply them at night, wear sunscreen with SPF daily, follow the instructions, and avoid sun exposure.

## PURITY LINE

### Why Dr. Temt's Purity Line?

Dr. Temt's Purity line is commonly found in spas because it is a professional-grade skincare line that offers high-quality, effective formulations designed to improve acne and oily skin

### Here's why spas choose it:

#### 1. High-Quality Formulations

Dr. Temt uses advanced active ingredients and formulas that help treat the skin's natural ability to heal

#### 2. Professional Strength & Spa-Exclusive

Many Dr. Temt products are formulated for professional use, meaning they have higher concentrations of active ingredients compared to over-the-counter skincare. Spas prefer these because they deliver visible results faster.

#### 3. Hydration & Skin Barrier Support

Purity skincare helps boost moisture retention and strengthens the skin barrier, making it ideal for post-treatment recovery and hydration-focused facials.

#### 4. Trusted European Skincare Brand

Dr. Temt is an Austrian skincare brand with a strong reputation in the professional beauty industry, known for its high standards, quality ingredients, and research-backed formulations.

#### 5. Customizable for Spa Treatments

The Purity line can be integrated into facials & treatments, and even post-procedure skincare, making it a versatile choice for estheticians.

### Benefits:

- ♥ Helps to tighten the appearance of pores.
- ♥ Helps to reduce oiliness by balancing moisture level.
- ♥ Supports the skin for a more matte and clearer appearance

## Brow Lift

Our COMBINAL BROW LIFTING or LAMINATION for the brows is perfect for those looking to add volume and a more defined arch, as it makes the brow area appear larger and fuller

With our COMBINAL BROW LIFTING natural looking brows are designed to give a fuller, more defined brow look.

Hairs are coaxed into place to look fluffier and more defined. Bold spots can be covered up and it can extend brows by up to a third. Everything stays lifted and in best shape for perfectly set brows.

Just like during a lash lifting – first off we use the COMBINAL Brow Lifting Lotion. This lotion functions just like a flat-iron – it works as a straightener and positions the brows. Next comes the Combinal Brow Fixing Lotion – this lotion “fixes” the desired position of the brows, the natural looking brows are designed to give fuller, more defined brow look.

This brow lifting can last 3-4 weeks and can be repeated right afterwards. COMBINAL Brow lifting is gentle to the brows and safe to use – we use Aloe Vera as a nourishing ingredient in our brow lifting products. The brow lifting treatment lasts ca 45-60 min. This is a professional product and should only be performed by professionals.

Avoid contact with eyes. Rinse eyes immediately if product comes into contact and consult a doctor. May cause sensitization by excessive skin contact. COMBINAL Brow Lifting Lotion contains thioglycolate. COMBINAL Brow Fixing Lotion contains hydrogen peroxide. Keep out of the reach of children.
