1. We have audited the accompanying standalone financial statements of MAGNANIMOUS TRADE & FINANCE LTD ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the statement of Profit and Loss, (including other comprehensive income), Statement of Changes in Equity and Cash Flow Statement for the year ended on that date, and the notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statement give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022 and the total comprehensive income (comprising of profit & other comprehensive income), changes in the equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Results* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matter

4. We draw attention to Note No. 4 to the standalone financial statements which states that, as per the assessment of the management, there is no significant impact of the COVID-19 pandemic on the operations and financial positions of the Company.

Our opinion is not modified in respect of this matter.

Key audit matters

5. key audit matters are those that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We assessed the carrying value/fair value calculations of all individually material investment, where applicable, to determine whether the valuations performed by the Company were within an acceptable range determined by us. We checked the mathematical accuracy of the impairment model and agreed the relevant data with the latest budgets, actual past results and other supporting documents. We assessed the sensitivity analysis and evaluated whether any reasonably foreseeable change in the assumptions could lead to impairment or material change in the fair valuation. We discussed with the components auditors of certain entities to develop an understanding of the operating performance and outlook used in their own valuation model and to assess consistency with the assumptions used in the model. We had inquired with management to obtain an understanding of the relevant factors in respect of certain investments carried at fair value where a wide range of fair values were possible due to various factor such as absence of recent observable transactions, restrictions on transfer of shares. Existence of multiple valuation techniques, investee's valued nature of portfolio of investments for which significant estimates/judgments are required to arrive at fair value. We have discussed the key assumptions and sensitivities for certain investments with those charged with governance. We evaluated the adequacy of the disclosures made in the standalone financial statements. <p>Based on the above procedures performed, we did not identify any significant exceptions in the management's assessment in relation to the carrying value of investments in associates and fair value of other investments.</p> |

Information Other than the Standalone financial statements and Auditor's Report Thereon

6. The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in Board's Report including Annexures to Board's Report in the Annual Report of the Company for the financial year 2021-22, but does not include the standalone financial statements and our auditor's report thereon. The reports containing the other information as above are expected to be made available to us after the date of this auditor's report. Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the reports containing the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

We have nothing to report in this regard.

Responsibilities of Management for the Standalone Financial Results

7. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Standalone financial statements

9. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit, including internal audit system in vogue, in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the standalone financial statements including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
11. Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key

audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of India in terms of sub section (11) of Section 143 of the Act, we give in the "Annexure B", a statement on the matters specified in the paragraphs 3 and 4 of the order, to the extent applicable.
16. As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act; and
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure B to the Independent Auditors' Report on the Standalone financial statements

Referred to in the Independent Auditors' Report of even date to the members of MAGNANIMOUS TRADE & FINANCE LTD ("the Company") on the Standalone financial statements for the year ended March 31, 2022.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of MAGNANIMOUS TRADE & FINANCE LTD ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India for our audit opinion on the Company's internal financial controls system over financial reporting.

2.3 The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis.

2.4 Functional and presentation currency

The financial statements are presented in Indian Rupees (INR) which is also its functional currency and all values are rounded to the nearest hundreds, except when otherwise indicated.

3. Significant accounting policies

3.1. Recognition of interest income

The Company recognises interest income by applying the effective interest rate (EIR) to the gross carrying amount of a financial asset and as per year to year financial contracts as agreed by the management.

3.2. Recognition of revenue from sale of goods

Revenue (other than for Financial Instruments within the scope of Ind-AS 109) is measured at an amount that reflects the considerations, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind-AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation. Revenue from contract with customer for rendering services is recognised at a point in time when performance obligation is satisfied.

3.2.1. Recognition of Dividend Income

Dividend Income (including from FVOCI investments) is recognised when the Company's right to receive the payment is established. This is established when it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

3.3. Financial instruments

A. Financial Assets

3.3.1. Initial recognition and measurement

All financial assets are recognised initially at fair value when the parties become party to the contractual provisions of the financial asset. In case of financial assets which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial assets, are adjusted to the fair value on initial recognition.

3.3.2. Subsequent measurement

The Company classifies its financial assets into various measurement categories. The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets.

a. Financial assets measured at amortised cost

A financial asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c. Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

3.3.3. Investment in Associates

Investments in associate companies are carried at cost and fair value (deemed cost) as per Ind-AS-101 less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in associate companies, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

3.3.4. Equity Investments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

B. Financial liabilities

3.3.5. Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

3.3.6. Subsequent Measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

3.4. Derecognition of financial assets and liabilities

3.4.1. Financial Asset

The Company derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

3.4.2. Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The

difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

3.5. Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the Company has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all the following circumstances:

- a. The normal course of business
- b. The event of default
- c. The event of insolvency or bankruptcy of the Company and/or its counterparties

3.6. Impairment of financial assets

In accordance with Ind-AS 109, the Company uses 'Expected Credit Loss' model (ECL), for evaluating impairment of financial assets other than those measured at Fair value through profit and loss.

The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The measurement of ECL allowance is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behaviour.

3.6.1. Write-off policy

The company writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include (i) ceasing enforcement activity and (ii) where the company's recovery method is foreclosing on collateral and the value of the collateral is such that there is no reasonable expectation of recovering in full.

3.7. Determination of fair value of Financial Instruments

The Company measures financial instruments, such as investments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

3.8. Cash and cash equivalents

Cash and cash equivalents comprise of cash at bank and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts if any, as they are considered an integral part of the Company's cash management.

3.9. Property, plant and equipment

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

3.9.1. Depreciation

Depreciation on Property, Plant and Equipment is calculated using written down value method (WDV) to write down the cost of property and equipment to their residual values over their estimated useful lives which are in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013.

The estimated useful lives are as follows:

| Particulars | Useful life |
|-----------------------|-------------|
| Furniture and fixture | 10 years |
| Office equipment | 15 years |
| Computer | 3 years |
| Vehicles | 15 years |
| Plant & Machinery | 15 years |

The company provides pro-rata depreciation from the day the asset is put to use and for any asset sold, till date of sale. The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposal are determined by comparing proceeds with carrying amount and are recognised in the statement of profit and loss.

3.10. Impairment of non-financial assets: Property, Plant and Equipment

The Company assesses, at each reporting date, whether there is any indication that any Property, Plant and Equipment or group of assets called Cash Generating Units (CGU) maybe impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount to determine the extent of impairment, if any.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less cost of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other

assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised.

The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.11. Investment Property

An investment property is accounted for in accordance with cost model. Depreciation on Property, Plant and Equipment is provided in accordance with the provisions of Schedule II of the Companies Act, 2013.

3.12. Inventories

The company has two categories of assets as mentioned hereunder:

- Stock of shares : These are valued at cost.
- Stock of Real Estate : These are valued on the basis of cost or net realized value, whichever is lower.

3.13. Borrowing Costs

Borrowing Costs, which are directly attributable to the acquisition / construction of fixed assets, till the time such assets are ready for intended use, are capitalised as part of the cost of the assets. Other borrowing costs are recognised as an expense in the year in which they are incurred. Brokerage costs directly attributable to a borrowing are expensed over the tenure of the borrowing.

3.14. Provisions, contingent liabilities and contingent assets

The Company creates a provision when there is a present obligation as a result of past events and it is probable that there will be outflow of resources and a reliable estimate of the obligation can be made of the amount of the obligation. Contingent liabilities are not recognised but are disclosed in the notes to the Standalone Ind-AS financial statements. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognised nor disclosed in the Standalone Ind-AS financial statements.

3.15. Employee Benefits Expenses

3.15.1. Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

3.15.2. Post-Employment Benefits

A. Defined Benefit schemes

Leave Encashment

The company has not provided leave encashment as the employees are not entitled for that due to availment of leaves & there are no pending dues in this account.

Provident Fund

The company has not provided the provident Fund & ESI as the company is not covered under E.P.F. & ESI Act.

Gratuity

The Company provides for gratuity covering eligible employees under which a lumpsum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenor of employment with the Company.

The provision of gratuity is being made on the basis of 15 days salary of completed years of service of employees. The management does not see any need of actuarial valuation of the same as the numbers of employees are very few.

3.16. Taxes

Income tax expense represents the sum of current tax and deferred tax

3.16.1 Current Tax

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961. Minimum Alternative Tax (MAT) credit entitlement is recognised when there is convincing evidence that the same can be realised in future.

3.16.2 Deferred tax

The recognition of deferred tax assets is based upon whether it is more likely that not that sufficient and suitable taxable profit will be available in the future against which the temporary differences can be deducted. To determine the future taxable profits, reference is made to the latest available profit forecasts. Where the temporary differences are related to losses, relevant tax law is considered to determine the availability of the losses to offset against the future taxable profits. Recognition therefore involves judgement regarding the future financial performance of the particular legal entity or tax group in which the deferred tax asset has been recognised.

3.17. Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind-AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

3.18. Cash-flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

4. Significant accounting judgements, estimates and assumptions

The preparation of standalone financial statements in conformity with the Ind-AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of

contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an on-going basis.

Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

4.1. Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

4.2. Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, probable fluctuations in collateral value as well as expected changes to India's base rate and other fee income/expense that are integral parts of the instrument

4.3. Impairment of financial assets using expected credit loss method

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's history, existing market conditions as well as forward looking estimates at the end of each reporting period.

4.4. Fair value measurement:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.5. Other estimates:

These include contingent liabilities, useful lives of tangible and intangible assets etc.

29. Fair Value Measurement

a) Fair Value Hierarchy

The Company determines fair value of its financial instruments according to following hierarchy:

Level 1: Category includes financial assets and liabilities that are measured in whole or significant part by reference to published quotes in an active market

Level 2: Category includes financial assets and liabilities that are measured using a valuation technique based on assumptions that are supported by prices from observable current market transactions. Company's investment in units of AIF funds fall under this category.

Level 3: Category includes financial assets and liabilities that are measured using valuation techniques based on non-market observable inputs. This means that fair value are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

An explanation of each level follows underneath the table:

As at March 31, 2022 (Rupees in hundreds)

18.1 Nature and purpose of reserve

General Reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of profit for the period at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

Statutory reserve

Statutory Reserve represents the Reserve Fund created under Section 45 IC of the Reserve Bank of India Act, 1934. Accordingly an amount representing 20% of Profit for the period is transferred to the fund for the year.

Retained earnings

This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

FVOCI equity investments

The company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the FVOCI equity investments reserve within equity. The company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

Capital Reserve

Capital Reserve is the excess of Net Assets taken over cost of consireration paid during amalgamation.

INDEPENDENT AUDITOR'S REPORT

TO,
THE MEMBERS
MAGNANIMOUS TRADE & FINANCE LTD

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of MAGNANIMOUS TRADE & FINANCE LTD (hereinafter referred to as "the Parent Company") and its associate companies, which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the '*Auditor's Responsibilities for the Audit of the Consolidated Financial Statements*' section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We evaluated the Company's process regarding impairment assessment and fair valuation. . We assessed the carrying value/fair value calculations of all individually material investment, where applicable, to determine whether the valuations performed by the Company were within an acceptable range determined by us. . We checked the mathematical accuracy of the impairment model and agreed the relevant data with the latest budgets, actual past results and other supporting documents. . We assessed the sensitivity analysis and evaluated whether any reasonably foreseeable change in the assumptions could lead to impairment or material change in the fair valuation. . We discussed with the components auditors of certain entities to develop an understanding of the operating performance and outlook used in their own valuation model and to assess consistency with the assumptions used in the model. . We had inquired with management to obtain an understanding of the relevant factors in respect of certain investments carried at fair value where a wide range of fair values were possible due to various factor such as absence of recent observable transactions, restrictions on transfer of shares. Existence of multiple valuation techniques, investee's valued nature of portfolio of investments for which significant estimates/judgments are required to arrive at fair value. . We have discussed the key assumptions and sensitivities for certain investments with those charged with governance. . We evaluated the adequacy of the disclosures made in the standalone financial statements. <p>Based on the above procedures performed, we did not identify and significant exceptions in the management's assessment in relation to the carrying value of investments in associates and fair value of other investments.</p> |

- B) There are no specific key audit matters reported to us by the auditors of the associate companies not audited by us.

The consolidated financial statements also include the Group's share of net profit (and other comprehensive income) Rs. 23.00 Lakhs for the year ended 31st March, 2022, as considered in the consolidated financial statements, in respect of associates, (Macro International Ltd and Amber Mercantiles Ltd (whose financial statements have been prepared as per Ind AS)), whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this associates, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid associates, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors and the financial statements / financial information certified by the Management.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

7. The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in Board's Report including Annexures to Board's Report, but does not include the Consolidated Financial Statements and our auditor's report thereon. The report containing other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the report containing other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of management and those charge with governance for the consolidated financial statements

8. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records by respective board of directors in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
10. The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's responsibilities for the audit of the consolidated financial statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report of the

consolidated financial statements that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

16. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss (including other comprehensive income) the consolidated Cash Flow Statement and consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended; except liability for gratuity and leave encashment is accounted for on payment basis in case of the Parent Company.
 - (e) On the basis of the written representations received from the directors of the Parent Company as on 31st March, 2022 and taken on record by the Board of Directors of the Parent Company and the reports of the statutory auditors of its associate company, none of the directors of the Group company and its associate companies is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure A"

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/ provided by the Parent Company and its associate companies to their directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. There were no pending litigations which would impact the consolidated financial position of the Group and its associates.
 - ii. The Group and its associates did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Parent Company and its associates.

ANNEXURE 'A' REFERRED TO IN PARAGRAPH 16(f) UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF MAGNANIMOS TRADE & FINANCE LIMITED FOR THE YEAR ENDED MARCH 31, 2022

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial control systems with reference to consolidated financial statements reporting of Magnanimous Trade & Finance Limited ("hereinafter referred to as the 'Parent Company') and its associate companies as of March 31, 2022 in conjunction with our audit of the consolidated financial statements of the Parent Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Parent Company and its Associates are responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial reporting criteria established by the Parent Company and its associate companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls systems with reference to financial statements reporting of the Parent Company and its associate companies based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls system with reference to financial statements reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements reporting and their operating effectiveness. Our audit of internal financial controls system with reference to financial statements reporting included obtaining an understanding of internal financial controls system with reference to financial statements reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in the Other Matter paragraph below is sufficient and appropriate to provide a

basis for our audit opinion on the internal financial controls system with reference to financial statements reporting of the Parent Company and its associate companies.

Meaning of Internal Financial Controls with reference to Financial Statements reporting

A company's internal financial controls system with reference to financial statements reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls system with reference to financial statements reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the

assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements reporting

Because of the inherent limitations of internal financial controls system with reference to financial statements reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls system with reference to financial statements reporting to future periods are subject to the risk that the internal financial controls system with reference to financial statements reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors as referred to in 'Other Matter' paragraph the Parent Company and its associate companies have, in all material respects, an adequate internal financial controls system with reference to financial statements reporting and such internal financial controls system with reference to financial statements reporting were operating effectively as at March 31, 2022, based on the internal control with reference to financial statements reporting criteria established by the Parent Company and its associate companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matter

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial statements reporting in so far as it relates to two associate companies, is based on the corresponding reports of the auditors of such companies.

Our opinion is not modified in respect of the above matter.

NOTES

Forming part of Consolidated Financial Statements for the Year ended March 31, 2022

1. Corporate Information

Magnanimous Trade & Finance Limited ("the Company") was incorporated as a public company limited by shares on July 23rd, 1985. The Company obtained permission from the Reserve Bank of India for carrying on the business of Non-Banking Financial Institution on 02-05-1998 vide Regn No. 05.01962. The Company is registered as a Non-Deposit Taking Company. The Registered Office of the Company is at D-1, Moti Lal Atal Road, Behind Hotel Neelam, Jaipur - 302001, Rajasthan, India.

The equity shares of the Company are listed on BSE Limited from April 17th, 1986, delisted in 2001 and again relisted on June 17th, 2013.

Basis of Consolidation

The Consolidated financial statements relate to Magnanimous Trade & Finance Limited and its associates which constitute the 'Group' hereinafter. Following associate companies have been considered in the preparation of the consolidated financial statements: -

| Name of the Company | Relationship with the company | % of holding as at March 31, 2022 | % of holding as at March 31, 2021 |
|-----------------------------|-------------------------------|-----------------------------------|-----------------------------------|
| Macro International Limited | Associate Company | 33.93% | 33.93% |
| Amber Mercantiles Limited | Associate Company | 28.60% | 28.60% |

Amber Mercantiles Limited has 14.36% holding in Magnanimous Trade & Finance Limited.

2. Basis of preparation and presentation

2.1 Statement of Compliance

The consolidated financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind-AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time)] and other relevant provisions of the Act.

2.2. Principles of Consolidation

2.2.1. Associates

Associates are all entities over which the Group has significant influence but not control or joint control.

This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

2.2.2 Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

2.2.3 Changes in ownership interests

When the Group ceases to equity account for an investment because of a loss of significant influence, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying-amount for the purposes of subsequently

accounting for the retained interest as an associate or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

2.3. Basis of measurement

The consolidated financial statements have been prepared on a historical cost basis, except for following assets and liabilities which have been measured at fair value:

- iv. fair value through other comprehensive income (FVOCI) instruments,
- v. other financial assets held for trading,
- vi. financial assets and liabilities designated at fair value through profit or loss (FVTPL)

2.4. Functional and presentation currency

Items included in consolidated Ind-AS financial statements of the company are measured using the currency of the primary economic environment in which the company operates ('the functional currency'). The consolidated Ind-AS financial statements are presented in Indian Rupees (INR) which is the company's functional and presentation currency and all values are rounded to the nearest hundred, except when otherwise indicated year to year.

3. Significant accounting policies

3.1 Recognition of interest income

The Company recognises interest income by applying the effective interest rate (EIR) to the gross carrying amount of a financial asset and as per year to year financial contracts as agreed by the management.

3.2 Recognition of revenue from sale of goods

Revenue (other than for Financial Instruments within the scope of Ind-AS 109) is measured at an amount that reflects the considerations, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind-AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation. Revenue from contract with customer for rendering services is recognised at a point in time when performance obligation is satisfied.

3.2.1 Recognition of Dividend Income

Dividend Income (including from FVOCI investments) is recognised when the Company's right to receive the payment is established. This is established when it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

3.3 Financial instruments

A. Financial Assets

3.3.1. Initial recognition and measurement

All financial assets are recognised initially at fair value when the parties become party to the contractual provisions of the financial asset. In case of financial assets which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial assets, are adjusted to the fair value on initial recognition.

3.3.2. Subsequent measurement

The Company classifies its financial assets into various measurement categories. The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets.

a. Financial assets measured at amortised cost

A financial asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c. Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

3.3.3. Investment in Associates

Investments in associate companies are carried at cost and fair value (deemed cost) as per Ind-AS-101 less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in associate companies, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

3.3.4. Equity Investments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

B. Financial liabilities

3.3.5. Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

3.3.6. Subsequent Measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

3.4. Derecognition of financial assets and liabilities

3.4.1. Financial Asset

The Company derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

3.4.2. Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

3.5. Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the Company has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all the following circumstances:

- a. The normal course of business
- b. The event of default
- c. The event of insolvency or bankruptcy of the Company and/or its counterparties

3.6. Impairment of financial assets

In accordance with Ind-AS 109, the Company uses 'Expected Credit Loss' model (ECL), for evaluating impairment of financial assets other than those measured at Fair value through profit and loss.

The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The measurement of ECL allowance is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behaviour.

3.6.1. Write-off policy

The company writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include (i) ceasing enforcement activity and (ii) where the company's recovery method is foreclosing on collateral and the value of the collateral is such that there is no reasonable expectation of recovering in full.

3.7. Determination of fair value of Financial Instruments

The Company measures financial instruments, such as investments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

3.8. Cash and cash equivalents

Cash and cash equivalents comprise of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts if any, as they are considered an integral part of the Company's cash management.

3.9. Property, plant and equipment

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

3.9.1. Depreciation

Depreciation on Property, Plant and Equipment is calculated using written down value method (WDV) to write down the cost of property and equipment to their residual values over their estimated useful lives which are in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013.

The estimated useful lives are as follows:

| Particulars | Useful life |
|-----------------------|-------------|
| Furniture and fixture | 10 years |
| Office equipment | 15 years |
| Computer | 3 years |
| Vehicles | 15 years |
| Plant & Machinery | 15 years |

The company provides pro-rata depreciation from the day the asset is put to use and for any asset sold, till date of sale. The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposal are determined by comparing proceeds with carrying amount and are recognised in the statement of profit and loss.

3.10. Impairment of non-financial assets: Property, Plant and Equipment

The Company assesses, at each reporting date, whether there is any indication that any Property, Plant and Equipment or group of assets called Cash Generating Units (CGU) may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount to determine the extent of impairment, if any.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less cost of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised.

The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.11. Investment Property

An investment property is accounted for in accordance with cost model. Depreciation on Property, Plant and Equipment is provided in accordance with the provisions of Schedule II of the Companies Act, 2013.

3.12. Inventories

The company has two categories of assets as mentioned hereunder:

- Stock of shares: These are valued at cost.
- Stock of Real Estate: These are valued on the basis of cost or net realized value, whichever is lower.

3.13. Borrowing Costs

Borrowing Costs, which are directly attributable to the acquisition / construction of fixed assets, till the time such assets are ready for intended use, are capitalised as part of the cost of the assets. Other borrowing costs are recognised as an expense in the year in which they are incurred. Brokerage costs directly attributable to a borrowing are expensed over the tenure of the borrowing.

3.14. Provisions, contingent liabilities and contingent assets

The Company creates a provision when there is a present obligation as a result of past events and it is probable that there will be outflow of resources and a reliable estimate of the obligation can be made of the amount of the obligation. Contingent liabilities are not recognised but are disclosed in the notes to the Consolidated Ind-AS financial statements. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognised nor disclosed in the Consolidated Ind-AS financial statements.

3.15. Employee Benefits Expenses

3.15.1. Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

3.15.2. Post-Employment Benefits

A. Defined Benefit schemes

Leave Encashment

The company has not provided leave encashment as the employees are not entitled for that due to availment of leaves & there are no pending dues in this account.

Provident Fund

The company has not provided the provident Fund & ESI as the company is not covered under E.P.F. & ESI Act.

Gratuity

The Company provides for gratuity covering eligible employees under which a lumpsum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenor of employment with the Company.

The provision of gratuity is being made on the basis of 15 days salary of completed years of service of employees. The management does not see any need of actuarial valuation of the same as the numbers of employees are very few.

3.16. Taxes

Income tax expense represents the sum of current tax and deferred tax

3.16.1 Current Tax

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961. Minimum Alternative Tax (MAT) credit entitlement is recognised when there is convincing evidence that the same can be realised in future.

3.16.2 Deferred tax

The recognition of deferred tax assets is based upon whether it is more likely that not that sufficient and suitable taxable profit will be available in the future against which the temporary differences can be deducted. To determine the future taxable profits, reference is made to the latest available profit forecasts. Where the temporary differences are related to losses, relevant tax law is considered to determine the availability of the losses to offset against the future taxable profits. Recognition therefore involves judgement regarding the future financial performance of the particular legal entity or tax group in which the deferred tax asset has been recognised.

3.17. Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind-AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the diluted earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

3.18. Cash-flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

4. Significant accounting judgements, estimates and assumptions

The preparation of consolidated financial statements in conformity with the Ind-AS requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

4.1. Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the

business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

4.2. Effective Interest Rate (EIR) method

The Company's EIR methodology recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, probable fluctuations in collateral value as well as expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

4.3. Impairment of financial assets using expected credit loss method

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's history, existing market conditions as well as forward looking estimates at the end of each reporting period.

4.4. Fair value measurement:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.5. Other estimates:

These include contingent liabilities, useful lives of tangible and intangible assets etc.

29. Fair Value Measurement

a) Fair Value Hierarchy

The Company determines fair value of its financial instruments according to following hierarchy:

Level 1: Category includes financial assets and liabilities that are measured in whole or significant part by reference to published quotes in an active market

Level 2: Category includes financial assets and liabilities that are measured using a valuation technique based on assumptions that are supported by prices from observable current market transactions. Company's investment in units of AIF funds fall under this category.

Level 3: Category includes financial assets and liabilities that are measured using valuation techniques based on non-market observable inputs. This means that fair value are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

An explanation of each level follows underneath the table:

18.1 Nature and purpose of reserve

General Reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of profit for the period at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

Statutory Reserve represents the Reserve Fund created under Section 45 IC of the Reserve Bank of India Act, 1934. Accordingly an amount representing 20% of Profit for the period is transferred to the fund for the year.

Retained earnings

This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

FVOCI equity investments

The company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the FVOCI equity investments reserve within equity. The company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.
