Diploma Bishop Gorman College Preparatory Private High School	1/2006
Mechanical Engineering Santa Monica College	05/2015 to 05/2018
<ul style="list-style-type: none">• Member of the Scholars Program Higher Education Society• Recipient of the Scholars Program Grant	

ACTIVITIES AND HONORS

- Homelab virtual machine environment for learning network security, programming, and OsInt
- 3D printing personal projects
- Training dogs as a novice
- Building personal computers
- Building custom gaming devices with RaspberryPi
- Off-Road exploration
- Modifying games via custom scripting and custom 3D assets

ACCOMPLISHMENTS

- Promoted 3 times in most recent employment:
 - Assistant Prototype Technician > Prototype Technician I > Prototype Technician II
- Received the highest possible wage increase in most recent employment every year due to outstanding performance reviews
- Pioneered 3D printing high resolution colorized graphics and textures capabilities within the company by obtaining a deep understanding of multiple softwares and developing protocols
- Greatly increased the quality of 3D printed models by sourcing higher quality materials and learning new finishing techniques
- Through my own research, I trained my rescued dog with severe anxiety and fear. Commands include sit, down, speak, heel, recall, and a release command which I use for his meals. He can successfully recall off leash now.
