

The Swan and Dolphin resorts are a short walk from EPCOT, and once again, they will host their own festival called the [**Food & Wine Classic**](#).

There are special food booths, drinks, and live music spread out between both resorts. It's a worthwhile experience that boasts a fun-filled evening with [**impressive sips and bites**](#).

2025 CLASSIC

This festival, which will be held November 14th and 15th, offers up food and wine from Swan and Dolphin's MANY restaurants from 5:00-9:00PM, and you can eat it all (and even go back for seconds) for the single price of a festival ticket.

You'll also find a merchandise tent nearby!

TIPS

- **Prepare in advance.** That means checking out menus and picking out the items that are a priority for you.
- **Spend the night.** It will be way more convenient to attend the festival if you're also staying at the Swan & Dolphin Resort.

TIPS CONTINUED

- **Relax before the event.** Food and Wine Classic occurs at night, so you'll have a whole day to do nothing but relax and prepare to eat and drink to your heart's delight. This may not be a good day to hit the parks, which might leave you feeling too tired. Instead, spend some time chilling in the pool, book a massage, and take it easy.
- **Get there early.** There is a LOT to see, eat, and drink. So be sure to arrive early. There may be lines for checking in, so the earlier you're there, the better!
- **Bring a friend.** It's not only more fun if you bring a friend along to the festival, but it gives you the opportunity to try even MORE food. Here's the strategy: everyone gets something different and then you can just have a massive food tasting.
- **Try everything.** A single ticket for the Food and Wine Classic gets you access to EVERY single food and drink item available. Once you've tried your must-eats, be sure to circle back and try other items that look good to you. Or have seconds of your favorites—we won't judge!
- **Get drinks.** Yes, EVERYTHING is included in your ticket price for the Food and Wine Classic, and that includes ALL drinks. So, if you want to drink up, here's your chance. Try some new wines and cocktails! Considering the price of alcoholic drinks, this is where you'll really get your money's worth for the price of your ticket.
