② Evaluation Options

Once you have selected the Plan most suited to your needs, your next step is to choose an evaluation or assessment.

NEW

AI Governance Status Assessment

**MOST
POPULAR**

Unlock AI's Potential while ensuring governance & compliance. Our research reveals a critical gap: 83% of organisations lack a clear understanding of their current AI adoption status. The Celagenix® AI Governance Program helps organisations strategically integrate AI while mitigating risks, ensuring compliance, and leveraging AI for business success.

Board-as-a-whole Evaluation

**MOST
POPULAR**

A board-as-a-whole evaluation is a comprehensive assessment that examines the overall performance, dynamics, and effectiveness of the entire board, including factors such as decision-making processes, communication, and alignment with the organisation's mission and strategic objectives.

Board Committee Evaluation

Board committee evaluations are focused assessments that examine the performance, composition, and processes of specific board committees, such as the audit committee or compensation committee, to ensure they are fulfilling their chartered responsibilities effectively. The focus could be on the committee members as a self-evaluation of their committee, or as an evaluation by the board members on the committee's performance.

② Evaluation Options

Once you have selected the Plan most suited to your needs, your next step is to choose an evaluation or assessment.

Individual Director: Self-Evaluation

An individual director self-evaluation is a personal assessment where each board member reflects on and evaluates their own performance, contributions, preparation, and participation during board meetings and decision-making processes.

Peer-to-Peer Evaluation: Individual Director & Self-Evaluation

A peer-to-peer evaluation, also known as an individual director evaluation, is a process where each board member evaluates the performance, contributions, and effectiveness of their fellow directors, while also conducting a self-evaluation to promote accountability and continuous improvement among the entire board.

Chairperson Evaluation

A board chairperson evaluation is a specific assessment that focuses on evaluating the leadership, guidance, and effectiveness of the board chair or chairperson in areas such as setting meeting agendas, facilitating discussions, managing conflicts, and ensuring the overall productivity and good governance of the board.

② Evaluation Options

Company Secretary Evaluation

A company secretary evaluation is an assessment of the performance and effectiveness of the individual serving as the corporate secretary, evaluating their responsibilities such as managing board communications, record-keeping, compliance with governance policies, and supporting the overall operations of the board.

Director Independence Evaluation

A director independence evaluation or assessment is a review process that examines whether individual board members meet the criteria for being considered independent directors, free from conflicts of interest or undue influences that could potentially compromise their ability to provide objective oversight and decision-making on behalf of the company and its shareholders.

CEO / MD Evaluation

A CEO/MD (Chief Executive Officer/Managing Director) evaluation is an assessment conducted by the board of directors to evaluate the performance, leadership, and effectiveness of the company's top executive in areas such as strategy execution, financial management, talent development, and overall achievement of organisational goals.

② Evaluation Options

Board Skills Assessment

**MOST
POPULAR**

A board skills assessment is an evaluation process that analyses the collective skills, expertise, and competencies present among the members of the board of directors to identify potential gaps or areas where additional knowledge or experience is needed to provide effective oversight and strategic guidance.

Board Remuneration Review

A board remuneration review is an assessment of the compensation packages and incentive structures provided to board members, ensuring they are appropriate, competitive, and aligned with the organisation's performance as well as industry best practices for attracting and retaining qualified directors.

Annual Declaration of Interest

An annual director declaration of interest is a formal disclosure made by each member of the board of directors, listing and affirming any potential conflicts of interest, such as other business relationships or financial interests, to promote transparency and ensure they can provide objective oversight and decision-making for the organisation.

② Evaluation Options

Annual Fit & Proper Attestation

An annual director fit, and proper attestation is a declaration made by each board member affirming that they meet the criteria and qualifications required to serve as a director, such as having adequate skills, experience, integrity, and ethical conduct, as outlined in the organisation's governance policies and relevant regulations.

Governance Status Assessment

**MOST
POPULAR**

A board and organisational governance status assessment is a comprehensive evaluation that examines the overall state of governance practices within an organisation, including the board's structure, policies, processes, and alignment with regulatory requirements and industry best practices for effective oversight and ethical decision-making.

Sustainability & ESG Status Assessment

**MOST
POPULAR**

A sustainability status assessment is an evaluation that examines an organisation's organisational health, as well as its policies and practices related to areas such as ESG, corporate resilience, ethical supply chain management, employee well-being, and responsible governance, to ensure long-term sustainability and stakeholder accountability.

② Evaluation Options

Principal Officer Evaluation

A principal officer of a pension fund evaluation is an assessment that focuses on evaluating the performance, leadership, and decision-making of the chief executive or top official responsible for overseeing the overall management, investment strategies, and regulatory compliance of a pension fund.

Fund Administrator Evaluation

An administrator of a pension fund evaluation is an assessment that examines the performance and effectiveness of the individual or entity responsible for managing the day-to-day operations, record-keeping, and compliance activities of a pension fund, ensuring proper administration, and safeguarding of plan assets and participant interests.

Data Privacy Compliance Gap Assessment

**MOST
POPULAR**

Comprehensive evaluation of your data privacy compliance status to identify potential risks before they become problems. Receive actionable insights tailored to your organisation, protect your organisation from penalties, and ultimately safeguard your reputation.
