Prithipura Home

*Over 60 Years of
Lifelong Care*

January to June 2022

Since 1960, the Ceylon Fellowship of Service Prithipura Home has flourished in tranquil surroundings on four acres of land in the coastal town of Wattala.

The Ceylon Fellowship of Service Prithipura Home was inaugurated in 1962. Under the guidance and dedication of Bikkhu Sumana, the Home initially began as a boys' home. There were three huts with cemented floors, wooden walls and thatch roofs. It had four residents with a few house mothers to care for them.

Today there are 60 residents housed in six cottages on the premises, giving the feeling of an extended family unit. Four cottages - Norad, Canada, Jayewardene and Rosy - house male residents while the females live in Bates and Prithi. Our staff numbers nine house mothers, two kitchen staff, a matron, an office manager, an administration officer, a gate keeper, a gardener and a driver.

Our mission is to care for the residents in a community environment that enables them to live life to the fullest. We offer a safe place for the well-being and rehabilitation of the residents who need special care and attention due to mental, physical, social or economic reasons. At the Home, residents are encouraged to develop their own personalities and identities.

VISION: A home for people with mental and physical disabilities

MISSION: To care for our residents in a community environment that enables our residents to live life to the fullest

Rising Prices and Fuel Shortages Impact Home

The CFS Prithipura Home is facing trying times as Sri Lanka's dire economic situation continues to worsen. Donations in cash and kind have dropped dramatically just as costs of food and other goods have risen to alarming levels while many people struggle just to manage their day to day lives.

We have had some generous donations for food and medicines that have helped to tide us over but as costs keep rising, with some basic goods even tripling in price, the strain on our resources is considerable. The residents and staff are doing their bit by growing vegetables, fruits and medicinal plants as well as making bags, cards, pot holders and dusters for sale. However, due to Covid previously and now shortages of fuel, visitors are not coming to the home.

In addition to costs of meals, maintenance and repairs, most residents need regular medicines to keep them healthy; these too have shot up in price. The ones in poor health need frequent visits to the clinic or the hospital and sometimes require carers to stay with them.

We charge Rs. 33,000 for a day's meals – breakfast, lunch, tea and dinner – for our residents and staff. The individual rates are as follows: breakfast Rs 7,000, lunch Rs. 15,000, tea Rs. 5,000 and dinner Rs. 10,000.

Our six cottages need urgent upgrading and refurbishment. The toilets are in disrepair. Renovating one toilet will cost around Rs. 900,000. Annual maintenance of one cottage is about Rs. 120,000 while upgrading one cottage dormitory is about Rs. 500,000.

LEND A HAND

As a charitable organization, CFS Prithipura Home looks to the community for annual support. State funding offsets only a small part of the cost of caring for residents, so private donations are essential. The Home receives contributions from individuals, corporations and foundations. There are many ways in which you can support the Home.

MEALS

Donate a meal for the entire home (residents and staff) for the day. You have a choice of Breakfast/Lunch/Tea or Dinner with a selection of menus. We would like as many donations as possible towards food because giving them a proper meal is difficult with the minimal funding we receive.
