## What is Graphene Coating?

Graphene coating are coating with graphene molecules grafted onto the surface of inner tank. With graphene oxide. Graphene is graphite (Carbon) that has been processed to construct a one atom thick layer. This one atom thick layer is made up of carbon atoms arranged in a honeycomb lattice pattern that forms a nearly transparent coat with some incredible properties.

Government of India  
 Ministry of New and Renewable Energy  
 Renewable Energy is Green Clean & Sustainable Energy

An ISO 9001:2015 & ISO 14001:2015 Certified Company

**Sunrise Solar Pvt. Ltd.** - Pioneered the design and development of the original Solar Water Heating Systems ETC & FPC based more than 3 decade. Today, we are the leading manufacturer of solar water heating systems in India. Every Solar Water Heating System is constructed under strict quality control at the most modern facility of its kind in India.

**BENEFITS OF SUNRISE SOLAR GRAPHENE COATED SOLAR WATER HEATER**

- Sunrise Solar delivers high quality solar water heating system for your modern bathrooms.
- High Density(48-50 Kg/m<sup>3</sup>) Compressed PUF insulated storage tank to retain the Hot Water upto 96 hrs.
- By using the most advanced tubes (3T) gives better performance even in cloudy weather.
- Graphene coating is used as an anticorrosion layer
- Ideal even for coastal climatic condition.
- Prevents erosion from hard water ensuring the system stays free from damage.
- Electrical Back-up heater with Thermostat (optional).
- Prevents Bacteria / Fungus formation .
- Sunrise Solar meets your daily hot water needs .
- More than 2 lakh satisfied families across Asia.
- Saves Money, Energy and Environment.

**25% More Hot Water**

**6 times more thicker tank**

**HCFC Free PUF  
Corrosion Free  
Environmental Friendly**

**Suitable for any kind of water**

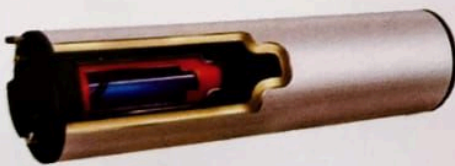

**Zero Maintenance**

**3T Gold Standard Tube**

**Triple Protection against Corrosion**

- #1 in Innovative design
- #1 in Manufacturing experience
- #1 in Quality control
- #1 in Customer satisfaction
- #1 in Customer care
