

HIKARI DIGITAL SOLUTIONS

Join us to explore effective strategies in Cyber Security and how to protect your business.

ABOUT US

PT. Hikari Digital Solusi is a trusted provider of IT security consulting, penetration testing, and vulnerability assessment, as well as hardware, software, and network solutions. We help businesses and individuals protect digital assets, optimize infrastructure, and achieve operational efficiency through secure and reliable technology services.

VISION & MISSION

Vision:

To be the most trusted partner in digital solutions and information security in Indonesia.

Mission:

- Provide efficient, secure, and reliable IT solutions.
- Support business growth with adaptive and scalable technology.
- Raise cybersecurity awareness and preparedness.
- Foster long-term partnerships with integrity and professionalism.

OUR SERVICE

IT Security Consultant

At Hikari Digital Solutions, we offer a range of IT security and infrastructure services tailored to meet the needs of businesses of all sizes. Our team is committed to delivering reliable, effective, and secure solutions.

Network & Infrastructure Services

We help you plan, implement, and optimize your IT infrastructure securely.

- ✓ Firewall & network configuration (Fortigate, Palo Alto, etc.)
 - ✓ VPN & remote access setup
 - ✓ Server and endpoint hardening
- 

Penetration Testing

Identify and fix security vulnerabilities in your applications, networks, or systems before attackers do

Phishing Simulation & Awareness Training

Boost your team's cyber awareness through realistic simulations and targeted training sessions.

Vulnerability Assessment

Regular vulnerability scans to identify security flaws across your systems and applications.

OUR SERVICE
