

# About Tedevra

Tedevra Bali Villas is a boutique design and build firm specializing in bespoke tropical residences.

We combine timeless architecture, modern comfort, and Bali's natural beauty to create villas that are both elegant and enduring.

From concept to completion — and even property management — we provide a seamless, fully in-house experience.

Our team of architects, builders, and designers work with precision, sustainability, and attention to detail, ensuring every project reflects the lifestyle and vision of its owner.

Whether in the lush jungles of Ubud, the dramatic cliffs of Uluwatu, or serene beachfronts, Tedevra Bali Villas transforms ideas into tropical sanctuaries that stand the test of time.

# Our Core Services

01

## Custom Villa Design

Bespoke tropical architecture crafted to your lifestyle, site, and aspiration.

02

## Construction Excellence

Precision construction using high-quality, sustainable materials, expertly adapted to Bali's climate — perfect for residences, boutique resorts, or contemporary commercial spaces.

03

## Design + Build Package

A seamless, end-to-end process with one team from concept to completion.

04

## Customizable Pre-Designed Villas

Select from our curated catalog of tropical designs, each ready to build and fully adaptable to suit you.

We don't just  
build villas — we  
create lasting  
legacies in Bali.

As a Bali-based company, we know the island inside and out — from the most skilled craftsmen to the most trusted suppliers. Our local network gives us access to high-quality materials at the best value, ensuring your villa is built to world-class standards without unnecessary costs.

*Guided by an intimate knowledge of Bali's land, craft, and materials.*
