Dear Parent/Patient,

We regret to inform you that this will be your last visit with our practice. Due to HIPAA regulations, once a patient turns 18, they are the only individuals who can receive information regarding their medical records or next steps in their care. As such, we kindly encourage you to seek a new healthcare provider.

To assist with this transition, we are offering a 30-day grace period. Additionally, we will provide you with a copy of your immunization record today.

Please feel free to reach out to our office if you have any questions or require assistance in the future.
