

# BR- B series

- Designed with cooling and heating function, suitable for commercial and industrial use, compact structure, quiet and easy to install

High COP

Patented corrosion resistant titanium exchanger

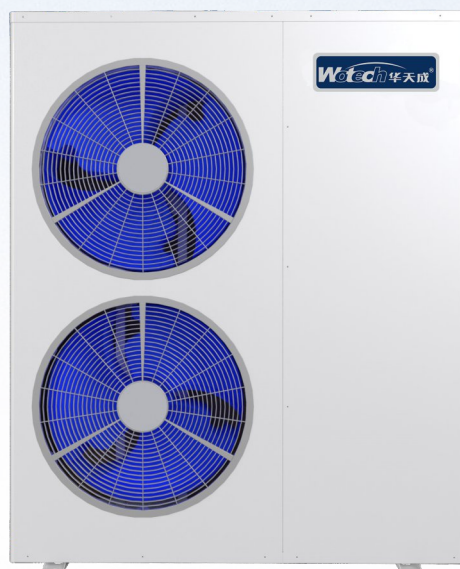

Environmental friendly

Heating and cooling with reversible defrosting

WIFI APP control (optional)

## Technical Parameter

Code			WBR-50.0
Measuring Conditions A 27/19°C W 26-28°C	Heating Capacity	kW	48.85
	COP		5.14
	Input Power	kW	9.50
Max Input Power		kW	12.36
Max Input Current		A	22.10
Power Supply		V/Hz	380V 3N~ 50Hz
Operating Air Temperature		°C	-10~45
Water Flow Rate		(m <sup>3</sup> /h)	21.00
Water Connection		inch	G1-1/2"
Sound level at 1m		dB(A)	56
Net Dimension L*W*H		mm	1320*535*1550
Net Weight		kg	225
