PRIMA - BLOCKS

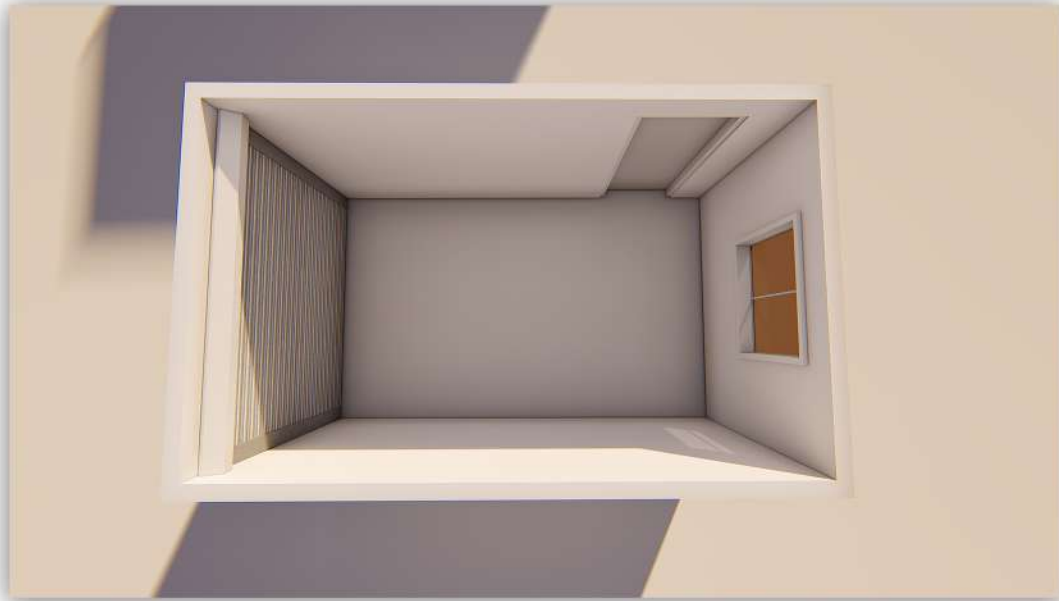

3m x 9m Blank Canvas Block Design

Your Vision, Our Structure

Our 3m x 9m block design is a pristine, portable shell ready to be transformed into your ideal space. This blank canvas offers limitless potential for customization and creativity.

With a single door and window as standard features, this structure provides a solid foundation for your project. The compact size ensures flexibility in placement, whether it's in a garden, on a patio, or even as a temporary workspace.

Let your imagination be your guide as you design the interior and exterior to perfectly suit your needs and style. From insulation and flooring to finishes and fixtures, every detail is in your hands.

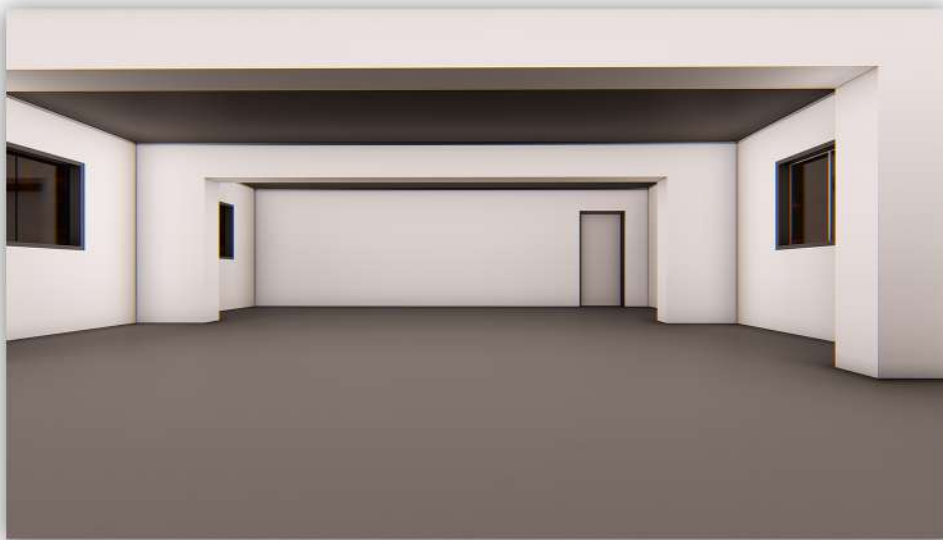

Compact and Sturdy 3m x 4.8m Garage

Our 3m x 4.8m garage is the perfect blend of efficiency and durability. Constructed with the robust Emmedue M2 panel system, this garage offers exceptional strength and longevity. Whether you need a secure space for your car, motorcycle, or valuable belongings, this compact structure is the ideal solution.

Designed for practicality, the garage provides ample room for your vehicle and additional storage. You can easily customize the interior with shelves, cabinets, or workbenches to maximize its utility. With its sleek and modern design, this garage not only protects your assets but also enhances the aesthetic appeal of your property.

Experience the peace of mind that comes with owning a high-quality, versatile garage.
