

# Volunteer at our non-profit project in Kilimanjaro – Tanzania

I am Omega, born and raised in Machame in the Kilimanjaro region. With a strong connection to my community, I founded an organization to support local children and families. Our mission is to empower the local community through **education**, **environmental conservation**, and **health and hygiene awareness**.

## Projects you can help with

### Education

- Support primary and secondary school education
- Teach English or other languages such as French or German
- Assist with computer education programs

### Health & Hygiene

- Lead workshops on sanitation and general hygiene
- Teach classes on feminine hygiene and menstrual health

### Environment

- Teach environmental classes
- Raise awareness about recycling and plastic waste
- Tree nursery and tree planting

### Support the development of our organization

- Help us build and manage our social media presence
- Assist in preparing teaching and workshop materials
- Share your own skills and ideas to strengthen our NGO

### Sustainable Farming Experience

- Learn about sustainable farming on our vanilla and coffee farm
- Support local agriculture and community livelihoods

Machame,  
Tanzania
