PRIVACY POLICY

At Data Insight Solutions, we value your privacy and are committed to protecting the personal information you share with us. This privacy policy outlines how we collect, use, store, and protect your data when you visit our website, engage with our services, or communicate with our team. By using our services, you agree to the practices described in this policy.

Information We Collect

We may collect various types of information to provide and improve our academic support services. This includes but is not limited to your name, email address, contact number, academic details, billing information, and project-related documents or data. We also collect non-personal data such as browser type, IP address, and website usage patterns to enhance user experience.

Use of Information

The information collected is used solely for the purpose of delivering personalized academic services, project updates, consultations, and customer support. Your information helps us tailor our services according to your research needs, maintain accurate records, process payments securely, and deliver content that aligns with your academic goals. We may also use your contact details to send important notifications, service updates, or promotional materials, unless you choose to opt out.

Data Confidentiality & Non-Disclosure

We uphold the highest standards of data confidentiality. All project files, client communications, and research materials are treated as strictly confidential. Your documents will never be shared, sold, or reused for any purpose beyond the scope of the agreed service. Our internal team members are bound by strict non-disclosure agreements (NDAs), and access to your data is granted only on a need-to-know basis. For additional assurance, we are happy to sign a formal NDA with our clients upon request.

Data Security Measures

We employ robust technical and administrative security measures to protect your data from unauthorized access, misuse, alteration, or loss. This includes firewalls, secure file storage, encrypted communication channels, and regular audits. All files shared with us are stored in secure, access-controlled environments. Our payment gateways are fully secured, and we do not store sensitive payment information like credit/debit card details on our servers.

Third-Party Sharing

Data Insight Solutions does not share your personal or academic information with any third parties without your explicit consent. In the rare event that third-party tools or consultants are involved (such as plagiarism check tools or software specialists), your identity and data are anonymized and handled with the same level of confidentiality and security as internally.

Cookies and Website Tracking

Our website may use cookies and similar technologies to enhance your browsing experience and collect aggregated data for analytics. These cookies help us understand how users interact with our site, enabling us to optimize its performance. You can disable cookies through your browser settings if you prefer not to share usage data, although this may affect certain functionalities on our website.

Data Retention

We retain your personal and project-related information only for as long as necessary to fulfill the purpose for which it was collected, and to comply with legal, academic, or regulatory obligations. Once your project is complete and feedback is finalized, you may request the deletion of your data at any time by contacting our support team.

Your Rights

You have full control over your personal data. As a client, you have the right to access, correct, update, or request the deletion of your personal information at any time. You may also withdraw consent to data processing or opt out of marketing communications by contacting us. We will respond to such requests promptly and in accordance with applicable data protection laws.

Legal Compliance

Data Insight Solutions complies with all applicable laws concerning privacy and data protection, including the Information Technology Act (India), where applicable, and other international standards. Our company is legally registered and operates in full transparency, ensuring that your trust is never compromised.

Changes to the Privacy Policy

We reserve the right to update or modify this Privacy Policy at any time. Any changes will be posted on our website with a revised date of modification. We encourage users to periodically review the policy to stay informed about how we protect your information.

Contact Us

If you have any questions or concerns regarding this Privacy Policy or how your data is handled, please feel free to contact us at:
