

About Simplehuman

You've never thought about "trash can" and "quality of life" at the same time before, have you? simplehuman® will show you how well they go together.

We'd all like to spend less of our time and energy on housework. simplehuman is all about attention to detail - from their

fingerprint-proof stainless steel sink caddies to their rugged, durable polypropylene recycling bins. simplehuman's elegant, quality products will improve your life - whether you live in a five-bedroom house or an efficiency apartment.

simplehuman designs everyday tools to help people become more efficient. They've put many years of research, design and engineering into making their products as efficient and durable as possible - like the pedal on their trash can that's engineered to last over 150,000 steps, and their custom fit trash liners that are double seamed for extra strength. You'll wonder how it's possible to love a trash can that much.

simplehuman transformed the trash can with the introduction of the stainless steel "butterfly" step can in 2000. Today, they offer a range of more than 100 products. All simplehuman products are designed to be ergonomic, easy-to-clean and durable - made with the highest quality materials and backed by a warranty. The company has received numerous design awards and was named one of the top corporations for Industrial Design Excellence in 2004 by BusinessWeek/IDSA.

About Reed & Barton

For more than 186 years, Reed & Barton's products have been the choice of those with discriminating tastes. Their unwavering commitment to quality and customer satisfaction can be found in every product that bears the Reed & Barton name.

Reed & Barton is one of the country's foremost marketers of fine tableware and giftware. The company's spectrum of offerings includes a diverse range of stainless steel and silver flatware, crystal stemware, barware, metal serveware and numerous tabletop and [home](#) décor items designed in a variety of patterns for stylish entertaining.

Found only in the best specialty stores and online retailers, discerning customers have come to trust the high quality and fine craftsmanship that goes into each and every Reed & Barton product. From fine flatware composed of 18/10 stainless steel to gleaming crystal flutes and decanters, Reed & Barton is your one-stop shopping place to furnish your [home](#) with everything you need to entertain guests and family for years to come. Make every day a special occasion with Reed & Barton.

About Bodum

Bodum®, a family owned company, was founded in 1944 in Copenhagen, Denmark. The founder, Peter Bodum, succeeded in positioning Bodum internationally in the 1960's due to his unique concept of development which consistently pays tribute to functionality, quality, and affordability. Early on in the company, Peter Bodum

recognized the importance of [industrial](#) design. This visionary approach laid the ground work for which the company stands for today.

Bodum is best known for the French Coffee Press, which was selected as the most environmentally friendly coffee maker by the international media and has been highly awarded for its design. Without the use of electricity and messy filters, the French Coffee Press creates a stronger cup of coffee that delivers robust flavor.

Since the beginning of Bodum, this visionary company has branched out into much more than just the coffee presses. Tea presses, iced tea jugs, coffee makers, and portable grills are just a few of the additions to the Bodum line of products. "If you are looking for high quality and affordable [kitchen appliances](#) and items, then look no further than Bodum. Good design doesn't have to be expensive"-Peter Bodum.

OUTFIT INFORMATION

- The internship is going well, but the weekend is yours, and you're not about to spend it in a suit. Forget "business casual"; you're going for "casual casual." You pick a cotton-blend, long-sleeved shirt in case your arms get cold. Your canvas old-school basketball sneakers are your idea of "traditional." And the fabric pattern on your comfy walkshorts are as close to pinstripes as you want to get this weekend. The watch? Well, all right, you'll admit it - the watch DOES look kinda nice.

- You got a lovely hardwood kitchen drawer organizer as a wedding gift from your crazy Uncle Mike, and so far, it's done the job. But that was years ago and you've expanded your kitchen repertoire since then; you've also increased the number of kitchen gadgets and doodads -- and gotten more silverware. What to do? Why not try the OXO® Expandable Utensil Organizer. And, if you hang Uncle Mike's organizer in the living room, you can tell everyone it's a folk-art knickknack shelf.
- The dividers are adjustable, allowing you to fully customize your storage.
- Your utensils stay neatly stacked, even when the drawer is opening or closing.
- Dividers are also easily removable if you prefer open compartments.
- The side organizer expands from 9.75" to 16.25" to fill the drawer -- perfect for longer tools or gadgets.
- Non-slip feet keep the organizer from sliding as the drawer opens and closes.
- Dishwasher and microwave safe.
- Dimensions:** 15.25" long x 2" high. Width is adjustable from 9.75" to 16".
- Weight: 1 lb. 12 oz.

- Award-winning Bodum® Pavina 2.5 oz. glasses. Get them because they're stylish, or futuristic, or incredibly practical -- no matter the reason, you'll be glad you got them.
- Handmade, mouth-blown borosilicate shot glasses keep espresso shots hot and cool drinks cool, yet their smooth, round shapes are comfortable in the hand.
- Borosilicate glass is the glass used in lab equipment -- strong, lightweight, durable and will not become cloudy after repeated washing.
- Unique double-walled construction makes beverages appear to float -- the air trapped within is an excellent insulator, making hot drinks easy to handle and preventing condensation in cold ones.
- Keeps beverages at optimal temperature -- use them as wine glasses to keep your hands from transferring heat to the wine.
- Notes:
 - Because each glass is mouth blown, each may have slight individual differences in height, weight or thickness.
 - Bodum recommends preheating glass before use with hot beverages, and gentle care when using ice.
 - Treat these glasses as you would any glass product, and they will stand up to everyday use.
 - Please avoid stirring with metal spoons.
- Dimensions: 2.625" high x 2.5" deep, 2.625" diameter.
- Capacity: 2 fl. oz.
- Weight: 2.1 lbs (set)
- Dishwasher and microwave safe.
- Set of six.

PRODUCT INFORMATION:

- Like coffee, do you? Then why are you contaminating the flavor with a metal or paper filter? Get the Santos Vacuum Coffee Maker from Bodum® for the purest coffee experience possible.
- This incredibly effective -- and fascinating to watch -- vacuum brewing method extracts all the precious oils from your favorite coffee.
- The vacuum brewing process is entirely sealed off so no aroma can escape.
- The brewing time and temperature are perfectly calibrated, ensuring a perfect cup of coffee with each brew.
- Depending on the amount of water used, the Santos can brew delicious coffee within 5 to 11 minutes, serving anywhere from 4 to 8 cups.
- First, the lower globe is filled with water and the upper with ground coffee. Then, the lower globe is heated until the water boils. Water vapor expands and is forced into the upper chamber. The heat is then turned off, causing the bottom chamber to cool. As it cools, the water vapor becomes liquid, taking up less space. This creates a vacuum that extracts the perfectly-brewed coffee into the lower chamber.
- Stunning clear-glass construction allows you to monitor the eye-catching brewing process at every step.
- **Set includes:**
 - Upper beaker
 - Bottom jug
 - Beaker stand
 - Filter
 - Gasket
 - Coffee scoop
- **Dimensions:** 11.5" high x 9.125" wide x 6" deep.

Like 12 people like this. Be the first of your friends.

PRODUCT INFORMATION:

- The All-Clad® Stainless Steel Cookware Set - now you can have the same cookware favored by chefs worldwide, in your own kitchen!
- **This All-Clad 9 piece stainless set was created to provide the basics for the everyday cook, and includes:**
 10 inch fry pan
 2 quart sauce pan with lid
 3 quart casserole with lid
 3 quart sauté pan with lid
 6 quart stock pot with lid
- Each pan, except the skillet, comes with its own lid.
- All-Clad is designed to distribute heat quickly and evenly, preventing hot spots and sticking.
- All-Clad recommends using one to two teaspoons of oil or butter to minimize sticking, and cooking using low to medium heat.
- Shiny stainless steel exterior gives a professional appearance to cookware.
- Aluminum core assures fast heating and quick response to temperature changes.
- Nonreactive 18/10 stainless steel interior retains heat evenly for fewer hot spots, and does not discolor, react with food, or alter flavors.
- Stainless steel handles are permanently secured with stainless steel rivets, and are ergonomically designed for safe handling and a confident grip.
- Suitable for all types of stove tops, including induction.
- Suitable for all utensils.
- Oven and broiler safe.
- Dishwasher safe. All-Clad recommends washing your cookware in warm, soapy water before first use.
- Made in the USA.
