Call Handling

Place a Call

To place a call, do one of the following:

- Pick up the handset and press the ⊲⁾⁾ key, ⊚ key, or the **New Call** softkey. Then, enter the phone number and press the **Send** softkey.
- Enter the phone number and press the **Dial** softkey. Then, pick up the handset, and press ⊲⁾⁾ for speakerphone or ⊚ for headset.
- Navigate to **Directories** and select **Call Lists**. From the **Calls List** screen, select a contact and select **Dial**.

Redial a Number

Your phone automatically keeps a record of all calls placed. You can recall the last contact you called using Redial.

- Select Menu > Redial.

Answer a Call

To answer a call using the handset, speakerphone, or a headset, do one of the following:

- Pick up the handset, then press the Answer softkey.
- Press the Speakerphone key ⊲⁾⁾ .
- Press the Headset key ⊚ .

Answer a Call When in a Call

When you're in an active call and an incoming call arrives, a call waiting tone beeps and the *Incoming Call* screen displays.

- Select **Answer**. The active call goes on hold, and the incoming call becomes active.

End a Call

To end a call, do one of the following:

- Press the End Call softkey.
- Replace the handset in the cradle.
- Press the Speakerphone key ⊲⁾⁾ .
- Press the Headset key ⊚ .

Ignore or Reject an Incoming Call

When you ignore or reject a call, the incoming call notification continues to display. From the Incoming Call screen, do one of the following:

- Select Ignore
- Select Reject.

Do Not Disturb

Use DND to prevent your phone from ringing and to send all incoming calls to voicemail.

- Press the DND softkey.

Forward a Call

- On the Incoming Call screen, press the Forward softkey.
- Enter the number to forward the call to.
- Press the Forward softkey.

Forward All Incoming Calls to a Contact

- Select Forward or go to Settings > Features > Forward.
- On the Forwarding Type Select screen, select a forwarding type.
- Enter a contact's number and select Enable.
- The forwarding number or name of the contact you chose scrolls in the status bar. If you select Always as your forwarding option, the Forwarding icon ↪ displays.

Disable Call Forwarding

- Select Forward or go to Settings > Features > Forward .
- If your phone has multiple lines, select a line.
- From the Forwarding Type Select screen, select your forwarding type, and select Disable.

Transfer a Call

- Press the Transfer softkey or the ⊷ key.
- If preferred, change the transfer type. For example, if the default transfer type is Blind, then you can select Consultative.
- Dial a number or choose a contact from the Recent Calls list or a directory.
- If the transfer type is set to Consultative, select Transfer ⊷ after speaking with your contact.
- If a contact doesn't answer the transfer or if you want to remain speaking with the contact on your line, select Cancel on the call transfer screen.

Manage Calls

On the Home screen, do one of the following:

- Select Hold to place an active call on hold.
- Select Resume to make a held call active.
- Select End Call to end a call with a contact. You can end active calls only, so resume the held call first before ending it.
- Select Transfer to send the call to another contact.
- Select Conference to initiate a conference call.
- Select Join to join an active call and one or more held calls into a conference call.

Place an Intercom Call

You can place an intercom call from your phone to quickly relay a message to a contact.

- Select Intercom.
- Enter a number or select a contact.
- Select Dial. The phone plays a tone and the contact's phone answers the call automatically.
- After your contact answers the call, speak your message and select End Call.

Voicemail

To access your voicemail, do one of the following:

- From your handset: Dial *98
- From a Different Extension: Enter 21xxx (xxx being your extension) followed by the Dial soft key.
- Press the home button
  - o Navigate to and select messages
  - o Press the Select softkey
  - o Press the connect softkey
