5.1 Quality:

HTCC quality policy is based on quality assurance as a part of the entire organization. asset. This applies to the entire organization both in terms of products, people and our way of doing business.

Our customers shall always feel confident that our products and services cover their needs and meet or preferably exceed their expectations. Quality, reliability, on time delivery and excellent service are to be our greatest

5.2 Health & Safety:

HTCC protect the health, safety and wellbeing of our clients, employees, partners & the communities with which we have any business dealings or working relations.

ATC disclose any information that comes to our knowledge that clearly demonstrates that any of our products or services breach internationally accepted safety standards or guidelines.

HTCC strictly followed all the policies, processes & operational procedures of The Institution of Occupational Safety & Health (IOSH). The three key reasons to manage safety are moral, legal & financial.

(a). Moral: It's not acceptable for workers to suffer injury and ill health as a result of doing their job.

(b). Legal: The law requires responsible & decision makers to assess reasonably foreseeable risks from the company's activities and to put in place control measures that will reduce the risks.

(c). Financial: Reducing the likelihood of fines & personal injury claims, managing health & safety can save money through reduced insurance premiums and more safer & more effective ways of working.

5.3 Clients:

HTCC put the client's needs & requirements in focus at all time.

HTCC value the trust our Clients place in us and will safeguard the information provided to us.

HTCC will be perceived as the preferred partner with high competence levels, excellent cooperation routines, Outstanding Productivity relationships.

All our Services & Solutions are to be delivered in time and according to the agreed price and quality.

5.4 Communications:

HTCC communicate openly and transparently with all our stakeholders within the bounds of commercial confidentiality.

HTCC protect confidential information from improper disclosure, and any authorized communication of confidential information should be limited to individuals who need it to carry out their work.

5.5 Employees:

HTCC will base relationships with and between employees on respect for individuals and their human rights and will not tolerate child labour.

HTCC pursue equality of opportunity and inclusion for all employees through our employment policies and practices.

HTCC do not accept any form of discrimination, harassment or bullying.

5.6 Individual conduct:

HTCC act with honesty, integrity and fairness in our dealings both internally and externally. HTCC do not tolerate any form of bribery, including improper offers of payments or gifts to or from employees.

HTCC avoid any contracts that might lead to, or suggest, a conflict of interest between personal activities and the business.

HTCC neither give nor accept hospitality or gifts that might appear to incur an obligation.

HTCC pursue mutually beneficial relationships and seek to promote the application of our Business Principles with our business partners and suppliers.

5.7 Environment:

HTCC commit to protecting the environment. We focus to minimize the use of finite resources (such as energy, water and raw materials) and the release of harmful emissions to the environment (including waste, air emissions and discharges to water).

HTCC seek to improve the environmental performance of the products and services by providing our Consultancy & Contracting services to those that offer environmental and social benefits.
