LABWORKS PUBLISHING ANNOUNCES THE UPCOMING RELEASE OF BECOMING HER BY EVANGELIST DEJAH SMART-MOSES -A TRANSFORMATIONAL GUIDE ROOTED IN THE FAITH AND POWER OF BIBLICAL WOMEN

Chateauguay, QC – [July 07, 2025] – Labworks Publishing is proud to announce the upcoming release of *Becoming Her: How the Faith of Biblical Women Can Guide Your Transformation to Heal, Grow, & Walk in Your Calling*, a powerful new guide by Evangelist Dejah Smart-Moses that empowers women to embrace spiritual growth, purpose, and identity through the lens of Scripture and personal revelation. The inspiration behind *Becoming Her* was born through the vision God gave Evangelist Smart-Moses for the Transformation Conference. “That’s where it all started,” she shares. “As I allowed the Holy Spirit to reveal the purpose behind the conference, the stories of these biblical women came alive. They weren’t perfect, but they were always accepted—and they responded to every challenge with faith, humility, and courage. Their obedience ignited transformation.”

A respected leader with over 20 years in ministry, Evangelist Dejah Smart-Moses serves at the Resurrection Center in Montreal. She is a wife and mother of two, holds pastoral credentials with the Church of God in Christ, a BA in Christian Education, and a diploma in Christian counselling. She also oversees the ushering department and founded the Wives Connect group to support women in marriage and ministry. Her passion is to help women become who God called, anointed, and appointed them to be. “In this book, I not only share what I’ve learned about these women of the Bible—I see myself in their stories,” she says. “This journey is stretching me, healing me, and pushing me to stop limiting my potential. I now see myself through the eyes of my Creator, not my brokenness. I’m still becoming Her.”
