

Name: Devaraj Ganiger
Designation: IP Associate
Qualification: BE (Electronics & Comm.)
Practice Area: Patents & Design
Contact: devaraj@inductip.com

Devaraj Ganiger is a skilled and accomplished Patent Professional with deep expertise in IP analytics, patent strategy, and technology evaluation. He holds a degree in Electronics and Communication Engineering from Dayananda Sagar College of Engineering, Bangalore, which provides a strong technical backbone to his IP practice.

Over the years, Devaraj has successfully managed the filing and prosecution of numerous patent applications across a broad range of technology sectors, including electronics, communications, software, nanotechnology, mechanical systems, and IOT systems. He advises clients on IP portfolio development, prosecution strategies, and long-term IP planning, ensuring their innovations are protected, scalable, and commercially viable.

Before assuming his current role, Devaraj worked as a Patent Analyst at a global IP Research & Consulting firm in Delhi/NCR, where he supported clients worldwide with detailed IP analysis and strategic recommendations. His responsibilities included preparing patentability reports, freedom-to-operate (FTO) analyses, prior-art searches, infringement assessments, validity/invalidity opinions, and comprehensive patent landscape studies.

With a strong blend of technical acumen and IP expertise, Devaraj continues to empower inventors, startups, and corporations to make informed decisions and build strong, enforceable intellectual property portfolios.
