Name: Nithya Nanda

Designation: IP Associate

Qualification: B. Tech. (Comp. Science Engg.)

Practice Area: Patents & Design

Contact: nithyananda@inductip.com

Nithya Nanda is a Patent Associate with a strong academic foundation in Computer Science Engineering from Lovely Professional University, Punjab. He focuses on the filing and prosecution of patents and industrial designs, offering tailored IP support for innovations in software and technology-intensive sectors.

Nithya brings prior experience handling patent matters across a wide array of technology domains, including e-commerce, software architecture, machine learning, artificial intelligence, neural networks, blockchain, electric vehicle technology, communication networks, Internet of Things (IoT), image processing, big data analytics, and cloud computing. His role involves drafting, filing, and managing patent and design applications, ensuring clients' innovations are protected through robust IP strategies.

With a keen understanding of both technical frameworks and patent law, Nithya supports inventors, startups, and tech enterprises in transforming their ideas into valuable intellectual property assets. His methodical approach and insight into emerging technologies make him a vital contributor to IP portfolio development.
