

Name: Sharmila Loganathan

Designation: IP Associate

Qualification: BE (Electronics & Instr.)

Practice Area: Patents & Design

Contact: sharmila@inductip.com

Sharmila L is a driven and detail-oriented Patent Associate with a strong technical foundation in Electronics & Instrumentation Engineering, earned from Dayananda Sagar College of Engineering, Bangalore. She specializes in the filing and prosecution of patents and industrial designs, offering strategic IP support to clients across fast-evolving and high-tech domains.

Sharmila has experience handling patent matters in a broad spectrum of cutting-edge technologies, including machine learning, artificial intelligence, neural networks, blockchain, electric vehicle technology, communication networks, Internet of Things (IoT), image processing, big data analytics, and cloud computing. Her role involves drafting, filing, and managing prosecution for both domestic and international applications, ensuring strong and enforceable protection for complex innovations.

With a deep understanding of both technical intricacies and patent law requirements, Sharmila supports clients in building robust intellectual property portfolios that align with their innovation strategy and commercial goals. She continues to bridge the gap between emerging technologies and IP protection, making her a valuable partner for technology-driven businesses and inventors.
