

# SipCarry Habit System

This program is your step-by-step guide to build lasting habits. You will learn how to break a habit into tiny actions, link it to your SipCarry, and track progress daily, weekly, and monthly.

## Habit Clarity Framework

Template: Give one genuine compliment daily

### 1. Make it tiny

Start so small it feels easy to win.

• Examples: say “thank you” sincerely · compliment one detail · write one kind word

### 2. Anchor it

Use this recipe: “After I \_\_\_\_\_, I will \_\_\_\_\_”

Examples:

- After I open my bag, I will say one genuine compliment.
- After I place my bag by the door, I will thank someone for one thing.
- After I zip my bag closed, I will write one kind word to share.

## Heart Card

For this habit you’ll use the heart-shaped card with the statement:

♥ I build meaningful connections.

Place this card inside the Power Tag of your SipCarry.

Each time you see it, let it remind you: drinking water is not just an action — it’s part of your identity as a woman who cares for herself.

## How to Use the Templates & Put It All Together

1. Write your micro-habit from above into your Monthly Tracker.
  - Mark a check every time you complete it.
2. Place your SipCarry bag in the spot where you’ll perform your habit.
3. Do your Daily Reset each night to close the day and prepare tomorrow.
4. Complete your Weekly Iteration at the end of each week (ideally Sunday).
5. Celebrate your progress and repeat the cycle.

## Remember

Small steps, done consistently, create big change.

Every check is proof of who you are.

“Each check is proof of who you are.”

 I'm a woman who cares

[illegible]

# SipCarry Weekly Review

Year: \_\_\_\_\_

“Review. Repeat. Raise.”
