

### **SPONSORSHIP PROGRAM**

75% of the people that live in rural areas in Guatemala live in poverty. Many children live in extreme poverty, and their families can't afford to pay for all their basic needs, like food, clothes, shoes, education, etc. These things are all available in Guatemala but inaccessible to the impoverished. Everyone deserves to be free from hunger, poverty, and homelessness, and this is why we do what we do.

The ImagininGuatemala Sponsorship Program is committed to helping Guatemalan children and their families so that they can have a better life. We strive not just to meet their basic needs but to give them a chance for a better future which comes with an education and a more stable living situation. We can't do this without your help so we are asking you to become a part of this noble cause which will definitely change many lives.

Please consider changing the lives of impoverished Guatemalan children through becoming a part of our Sponsorship Program. It is as easy as completing the attached application form and a small monthly gift. We and your future Godchild thank you very much for the valuable gift of a better future for them.

### **THE COST OF SPONSORING A CHILD**

You can sponsor a child for a minimal monthly contribution (as little as USD\$35/month or more). We promise to be fiscally responsible with your financial gift. Your gift will assist us in assuring your future Godson or Goddaughter has:

- Adequate food & clean drinking water
- Clothes & shoes
- Assistance with obtaining medical care
- Educational resources (school supplies, uniforms, etc.)

Please feel free to contact us with any questions or comments by sending us an e-mail: [edy@imquate.org](mailto:edy@imquate.org) [edy.imagininguate@gmail.com](mailto:edy.imagininguate@gmail.com) [lisa@imquate.org](mailto:lisa@imquate.org)

We are happy to provide personal references as to the credibility of our program.

## **BECOMING A GODPARENT (SPONSOR)**

Sponsoring a Guatemalan child demonstrates love and compassion. Given circumstances beyond the control of the children and their families, impoverished children often do not grow up feeling a sense of personal worth. Through your act of love, your Godchild will experience an important sense of human worth and dignity through knowing they are valued by the world beyond their immediate families. You can be that special person who cared enough to change their life for the better! Your generosity will give this child and their family a better future full of hope.

A relationship with your Godchild can start today. Once you complete the application form you will receive a biography, photographs and a special message from your Godchild. Cards, photos and facilitated e-mail messages can be shared to help your relationship and bond grow. Your Godchild will want you to share their happy moments, their sad moments, their dreams and their goals, just like family. You will be connected through seeing photos and hearing of your Godchild growing and being nurtured through your generous support. Every year you will receive a report from our Sponsorship Department; in it you will learn about your Godchild's achievements and personal development. You will see that your money is being used to make a difference in their life. ImaginInGuatemala is committed to keeping you informed about your Godchild.

We personally thank you for your interest in helping our Guatemalan children who will, in turn, help make a better Guatemala.
